

PROPOSED OTAGO REGIONAL POLICY STATEMENT 2021

Summary of Decisions Requested Report: PART B

SUBMITTER ORDER

Notified: 30 October 2021

Further Submissions Close: 5pm 12 November 2021

Several submissions were received on the Proposed RPS 21 that did not provide an address for service. These submissions have been grouped in part B of this SoDR.

Submitter Number	Submitter Name	Submitter + Submission point number	Chapter	Specific Provision	Position	Summary of Decision Requested
The following submissions have been filed individually by name						
00109	Glaister, Peter	00109.001	GEN – General Submission	General	Not stated/unclear	That the council use common sense in its policy decisions and strikes an appropriate balance between the needs of the environment and the needs of the people for sustainably produced food
00128	Callanan_Glen	00128.001	GEN – General Submission	Integrated management	Not stated/unclear	Growth to be evenly distributed supported by community initiatives. Cross boundary matters, to achieve integration. Stakeholders, Industry, Community, others Sharing information for long term growth and economic development A simple plan driven by each community that supports all ages, at a national level.
10226	Besly, Roby	10226.001	LF – Land and freshwater	LF – New provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
10226	Besly, Roby	10226.002	LF – Land and freshwater	LF – New provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
10226	Besly, Roby	10226.003	LF – Land and freshwater	LF – New provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
10226	Besly, Roby	10226.004	LF – Land and freshwater	LF – New provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
10226	Besly, Roby	10226.005	LF – Land and freshwater	LF – New provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
00129	Anonymous 27/06/2021	00129.001	NOT – NOT – Not on RPS or otherwise out of scope	Clyde sewage and wastewater	Not stated/unclear	Land for sale to help pay the Clyde Sewage and wastewater account down.
00130	Anonymous 29/06/2021	00130.001	NOT – NOT – Not on RPS or otherwise out of scope	Electoral boundaries	Not stated/unclear	Unclear
00131	Anonymous 30/06/2021 A	00131.001	NOT – NOT – Not on RPS or otherwise out of scope	Emergency management	Not stated/unclear	Emergency responses national cadre of specially trained experienced emergency managers who can go wherever needed at very short notice to assist and support local teams to manage emergencies across all hazards and risks.
00131	Anonymous 30/06/2021 A	00131.001	GEN – General Submission	Integrated management	Not stated/unclear	listen to each community, and work with there community plan, within each community board area for the greater regions with the new boundaries. Fire Emergency New Zealand should be the incubator for all ages as each community fixes and supports there community.

00132	Anonymous 30/06/2021 B	00132.001	GEN – General Submission	Clyde community management	Not stated/unclear	Start with the Clyde discussion document 1989 and the leaders plans from the community well before 1989.
00133	Anonymous 03/07/2021	00133.001	NOT – NOT – Not on RPS or otherwise out of scope	Combined training hub	Not stated/unclear	former NZED camp complex needs to become the centralized training complex for all service groups
00134	Anonymous 05/07/2021 A	00134.001	NOT – NOT – Not on RPS or otherwise out of scope	Community boards	Not stated/unclear	Unclear
00135	Anonymous 05/07/2021 B	00135.001	NOT – NOT – Not on RPS or otherwise out of scope	Electoral boundaries	Not stated/unclear	Unclear
The following submissions have been collated and filed as a group under the name “Submissions received via Greenpeace without address for service”						
12347	Abela serra, Robert	12347.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12347	Abela serra, Robert	12347.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12347	Abela serra, Robert	12347.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12347	Abela serra, Robert	12347.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12347	Abela serra, Robert	12347.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12269	Abrey, L. Anne	12269.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12269	Abrey, L. Anne	12269.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12269	Abrey, L. Anne	12269.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12269	Abrey, L. Anne	12269.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12269	Abrey, L. Anne	12269.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12427	Adams, Kaatje	12427.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12427	Adams, Kaatje	12427.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12427	Adams, Kaatje	12427.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12427	Adams, Kaatje	12427.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12427	Adams, Kaatje	12427.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12462	Adams, Sarah	12462.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12462	Adams, Sarah	12462.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12462	Adams, Sarah	12462.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12462	Adams, Sarah	12462.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12462	Adams, Sarah	12462.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12426	Adamson, Drew	12426.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12426	Adamson, Drew	12426.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12426	Adamson, Drew	12426.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12426	Adamson, Drew	12426.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12426	Adamson, Drew	12426.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12148	Agnew, Patrick	12148.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12148	Agnew, Patrick	12148.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12148	Agnew, Patrick	12148.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12148	Agnew, Patrick	12148.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12148	Agnew, Patrick	12148.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12971	Alaska, Ali	12971.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12971	Alaska, Ali	12971.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12971	Alaska, Ali	12971.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12971	Alaska, Ali	12971.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12971	Alaska, Ali	12971.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12916	Alcock, Jensen	12916.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12916	Alcock, Jensen	12916.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12916	Alcock, Jensen	12916.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12916	Alcock, Jensen	12916.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12916	Alcock, Jensen	12916.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12182	Alderston, Susan	12182.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12182	Alderston, Susan	12182.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12182	Alderston, Susan	12182.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12182	Alderston, Susan	12182.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12182	Alderston, Susan	12182.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12416	Allen, Marianne	12416.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12416	Allen, Marianne	12416.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12416	Allen, Marianne	12416.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12416	Allen, Marianne	12416.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12416	Allen, Marianne	12416.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12195	Almotlaq, Mohammed	12195.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12195	Almotlaq, Mohammed	12195.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12195	Almotlaq, Mohammed	12195.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12195	Almotlaq, Mohammed	12195.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12195	Almotlaq, Mohammed	12195.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12534	Ameye-Bevers, Heather	12534.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12534	Ameye-Bevers, Heather	12534.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12534	Ameye-Bevers, Heather	12534.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12534	Ameye-Bevers, Heather	12534.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12534	Ameye-Bevers, Heather	12534.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12662	Amsler, Mark	12662.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12662	Amsler, Mark	12662.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12662	Amsler, Mark	12662.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12662	Amsler, Mark	12662.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12662	Amsler, Mark	12662.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12133	Ananda, Asunta	12133.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12133	Ananda, Asunta	12133.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12133	Ananda, Asunta	12133.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12133	Ananda, Asunta	12133.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12133	Ananda, Asunta	12133.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12141	Ananda, Bhajan	12141.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12141	Ananda, Bhajan	12141.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12141	Ananda, Bhajan	12141.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12141	Ananda, Bhajan	12141.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12141	Ananda, Bhajan	12141.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12139	Ananda, Kiran	12139.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12139	Ananda, Kiran	12139.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12139	Ananda, Kiran	12139.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12139	Ananda, Kiran	12139.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12139	Ananda, Kiran	12139.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12057	Anders, Sam	12057.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12057	Anders, Sam	12057.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12057	Anders, Sam	12057.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12057	Anders, Sam	12057.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12057	Anders, Sam	12057.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12686	Anderson, Larry	12686.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12686	Anderson, Larry	12686.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12686	Anderson, Larry	12686.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12686	Anderson, Larry	12686.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12686	Anderson, Larry	12686.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12859	Andrews, Diana	12859.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12859	Andrews, Diana	12859.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12859	Andrews, Diana	12859.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12859	Andrews, Diana	12859.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12859	Andrews, Diana	12859.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12624	Andrews, Dorothy	12624.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12624	Andrews, Dorothy	12624.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12624	Andrews, Dorothy	12624.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12624	Andrews, Dorothy	12624.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12624	Andrews, Dorothy	12624.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12636	Andrews, Suzy	12636.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12636	Andrews, Suzy	12636.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12636	Andrews, Suzy	12636.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12636	Andrews, Suzy	12636.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12636	Andrews, Suzy	12636.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12321	Angell, JI	12321.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12321	Angell, JI	12321.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12321	Angell, JI	12321.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12321	Angell, JI	12321.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12321	Angell, JI	12321.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12897	Angelo, Elizabeth	12897.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12897	Angelo, Elizabeth	12897.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12897	Angelo, Elizabeth	12897.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12897	Angelo, Elizabeth	12897.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12897	Angelo, Elizabeth	12897.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13046	Anne Mills, Kerry	13046.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13046	Anne Mills, Kerry	13046.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13046	Anne Mills, Kerry	13046.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13046	Anne Mills, Kerry	13046.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13046	Anne Mills, Kerry	13046.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12389	Arias, Laura	12389.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12389	Arias, Laura	12389.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12389	Arias, Laura	12389.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12389	Arias, Laura	12389.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12389	Arias, Laura	12389.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13014	Armstrong-West, Dael	13014.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13014	Armstrong-West, Dael	13014.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13014	Armstrong-West, Dael	13014.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13014	Armstrong-West, Dael	13014.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13014	Armstrong-West, Dael	13014.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12050	arne Strand, Jon	12050.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12050	arne Strand, Jon	12050.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12050	arne Strand, Jon	12050.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12050	arne Strand, Jon	12050.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12050	arne Strand, Jon	12050.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12053	arne Strand, Jon	12053.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12053	arne Strand, Jon	12053.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12053	arne Strand, Jon	12053.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12053	arne Strand, Jon	12053.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12053	arne Strand, Jon	12053.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12855	Arthur, Michael	12855.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12855	Arthur, Michael	12855.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12855	Arthur, Michael	12855.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12855	Arthur, Michael	12855.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12855	Arthur, Michael	12855.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13051	Artman, Cara	13051.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13051	Artman, Cara	13051.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13051	Artman, Cara	13051.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13051	Artman, Cara	13051.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

13051	Artman, Cara	13051.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12275	Ashburn, Andrew	12275.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12275	Ashburn, Andrew	12275.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12275	Ashburn, Andrew	12275.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12275	Ashburn, Andrew	12275.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12275	Ashburn, Andrew	12275.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12764	Asquith, Alec	12764.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12764	Asquith, Alec	12764.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12764	Asquith, Alec	12764.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12764	Asquith, Alec	12764.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12764	Asquith, Alec	12764.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12752	Astle, Rene	12752.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12752	Astle, Rene	12752.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12752	Astle, Rene	12752.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12752	Astle, Rene	12752.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12752	Astle, Rene	12752.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12012	Atkinson, Clare	12012.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12012	Atkinson, Clare	12012.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12012	Atkinson, Clare	12012.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12012	Atkinson, Clare	12012.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12012	Atkinson, Clare	12012.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12444	Audley, Sandra	12444.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12444	Audley, Sandra	12444.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12444	Audley, Sandra	12444.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12444	Audley, Sandra	12444.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12444	Audley, Sandra	12444.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12833	August, Andy	12833.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12833	August, Andy	12833.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12833	August, Andy	12833.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12833	August, Andy	12833.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12833	August, Andy	12833.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12087	Azzam, Rana	12087.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12087	Azzam, Rana	12087.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12087	Azzam, Rana	12087.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12087	Azzam, Rana	12087.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12087	Azzam, Rana	12087.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12043	Baaijens, M	12043.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12043	Baaijens, M	12043.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12043	Baaijens, M	12043.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12043	Baaijens, M	12043.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12043	Baaijens, M	12043.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12154	Bach, John	12154.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12154	Bach, John	12154.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12154	Bach, John	12154.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12154	Bach, John	12154.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12154	Bach, John	12154.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12956	Baker, Caterina	12956.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12956	Baker, Caterina	12956.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12956	Baker, Caterina	12956.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12956	Baker, Caterina	12956.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12956	Baker, Caterina	12956.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12648	Ballantine, Trudy	12648.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12648	Ballantine, Trudy	12648.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12648	Ballantine, Trudy	12648.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12648	Ballantine, Trudy	12648.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12648	Ballantine, Trudy	12648.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12204	Balls, Carolyn	12204.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12204	Balls, Carolyn	12204.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12204	Balls, Carolyn	12204.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12204	Balls, Carolyn	12204.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12204	Balls, Carolyn	12204.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12888	Bampton, Sarah	12888.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12888	Bampton, Sarah	12888.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12888	Bampton, Sarah	12888.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12888	Bampton, Sarah	12888.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12888	Bampton, Sarah	12888.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12964	Barclay, Cathy	12964.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12964	Barclay, Cathy	12964.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12964	Barclay, Cathy	12964.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12964	Barclay, Cathy	12964.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12964	Barclay, Cathy	12964.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12106	Barclay, Sharyn	12106.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12106	Barclay, Sharyn	12106.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12106	Barclay, Sharyn	12106.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12106	Barclay, Sharyn	12106.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12106	Barclay, Sharyn	12106.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12813	Barlow, Geoff	12813.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12813	Barlow, Geoff	12813.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12813	Barlow, Geoff	12813.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12813	Barlow, Geoff	12813.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12813	Barlow, Geoff	12813.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12526	Barnes, James	12526.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12526	Barnes, James	12526.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12526	Barnes, James	12526.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12526	Barnes, James	12526.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12526	Barnes, James	12526.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12527	Barnes, James	12527.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12527	Barnes, James	12527.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12527	Barnes, James	12527.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12527	Barnes, James	12527.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12527	Barnes, James	12527.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12384	Barringham, Steven	12384.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12384	Barringham, Steven	12384.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12239	Baxter, Rod	12239.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12239	Baxter, Rod	12239.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12239	Baxter, Rod	12239.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12054	Beal, Chris	12054.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12054	Beal, Chris	12054.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12054	Beal, Chris	12054.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12054	Beal, Chris	12054.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12054	Beal, Chris	12054.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12986	Beardsall, Jean	12986.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12986	Beardsall, Jean	12986.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12986	Beardsall, Jean	12986.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12986	Beardsall, Jean	12986.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12986	Beardsall, Jean	12986.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12638	Beaton, Michele	12638.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12638	Beaton, Michele	12638.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12638	Beaton, Michele	12638.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12638	Beaton, Michele	12638.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12638	Beaton, Michele	12638.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12771	Bechet, Laurence	12771.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12771	Bechet, Laurence	12771.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12771	Bechet, Laurence	12771.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12771	Bechet, Laurence	12771.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12771	Bechet, Laurence	12771.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13049	Becker, Melanie	13049.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13049	Becker, Melanie	13049.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13049	Becker, Melanie	13049.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13049	Becker, Melanie	13049.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13049	Becker, Melanie	13049.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12451	Bedőcs, Gyula	12451.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12451	Bedőcs, Gyula	12451.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12451	Bedőcs, Gyula	12451.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12451	Bedőcs, Gyula	12451.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12451	Bedőcs, Gyula	12451.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12014	Beekhuis, Conny	12014.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12014	Beekhuis, Conny	12014.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12014	Beekhuis, Conny	12014.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12014	Beekhuis, Conny	12014.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12014	Beekhuis, Conny	12014.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12842	Belcher, Carol	12842.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12842	Belcher, Carol	12842.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12842	Belcher, Carol	12842.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12842	Belcher, Carol	12842.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12842	Belcher, Carol	12842.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12191	Belkina, Elena	12191.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12191	Belkina, Elena	12191.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12191	Belkina, Elena	12191.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12191	Belkina, Elena	12191.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12191	Belkina, Elena	12191.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12533	Bell, Andrew	12533.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12533	Bell, Andrew	12533.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12533	Bell, Andrew	12533.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12533	Bell, Andrew	12533.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12533	Bell, Andrew	12533.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12108	Bell, Samantha	12108.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12108	Bell, Samantha	12108.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12108	Bell, Samantha	12108.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12108	Bell, Samantha	12108.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12108	Bell, Samantha	12108.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12815	Bell, Shakila	12815.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12815	Bell, Shakila	12815.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12815	Bell, Shakila	12815.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12815	Bell, Shakila	12815.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12815	Bell, Shakila	12815.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12667	Benjamin, Ashor	12667.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12667	Benjamin, Ashor	12667.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12667	Benjamin, Ashor	12667.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12667	Benjamin, Ashor	12667.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12667	Benjamin, Ashor	12667.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12718	Bennett, Eva	12718.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12718	Bennett, Eva	12718.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12718	Bennett, Eva	12718.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12718	Bennett, Eva	12718.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12718	Bennett, Eva	12718.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12665	Bennett, Mark	12665.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12665	Bennett, Mark	12665.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12665	Bennett, Mark	12665.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12665	Bennett, Mark	12665.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12665	Bennett, Mark	12665.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12180	Bennetts, Norm	12180.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12180	Bennetts, Norm	12180.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12180	Bennetts, Norm	12180.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12180	Bennetts, Norm	12180.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long- term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12180	Bennetts, Norm	12180.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12180	Bennetts, Norm	12180.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Allow rivers to be rivers with their natural flow
12180	Bennetts, Norm	12180.007	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Stop water being removed from rivers
12304	Benson, Eric	12304.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12304	Benson, Eric	12304.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12304	Benson, Eric	12304.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12304	Benson, Eric	12304.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12304	Benson, Eric	12304.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12254	Benter-lynch, Sophia	12254.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12254	Benter-lynch, Sophia	12254.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12254	Benter-lynch, Sophia	12254.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12254	Benter-lynch, Sophia	12254.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12254	Benter-lynch, Sophia	12254.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12153	Berg, Helena	12153.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12153	Berg, Helena	12153.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12153	Berg, Helena	12153.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12153	Berg, Helena	12153.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12153	Berg, Helena	12153.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12907	Bernicot, Cecile	12907.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12907	Bernicot, Cecile	12907.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12907	Bernicot, Cecile	12907.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12907	Bernicot, Cecile	12907.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12907	Bernicot, Cecile	12907.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12905	Besier, Thor	12905.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12905	Besier, Thor	12905.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12905	Besier, Thor	12905.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12905	Besier, Thor	12905.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12905	Besier, Thor	12905.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13022	Beu, John	13022.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13022	Beu, John	13022.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13022	Beu, John	13022.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13022	Beu, John	13022.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13022	Beu, John	13022.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12318	BHIKHA, RAMAN	12318.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12318	BHIKHA, RAMAN	12318.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12318	BHIKHA, RAMAN	12318.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12318	BHIKHA, RAMAN	12318.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12318	BHIKHA, RAMAN	12318.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12532	Bishop, Karen	12532.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12532	Bishop, Karen	12532.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12532	Bishop, Karen	12532.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12532	Bishop, Karen	12532.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12532	Bishop, Karen	12532.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13096	Bishop, Trudi	13096.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13096	Bishop, Trudi	13096.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13096	Bishop, Trudi	13096.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13096	Bishop, Trudi	13096.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13096	Bishop, Trudi	13096.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12674	Blackwood, Barbara	12674.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12674	Blackwood, Barbara	12674.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12674	Blackwood, Barbara	12674.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12674	Blackwood, Barbara	12674.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12674	Blackwood, Barbara	12674.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13063	Blakely, Phil	13063.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13063	Blakely, Phil	13063.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13063	Blakely, Phil	13063.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13063	Blakely, Phil	13063.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13063	Blakely, Phil	13063.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12817	Blanchfield, Penelope	12817.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12817	Blanchfield, Penelope	12817.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12817	Blanchfield, Penelope	12817.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12817	Blanchfield, Penelope	12817.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12817	Blanchfield, Penelope	12817.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12818	Blanchfield, Penelope	12818.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12818	Blanchfield, Penelope	12818.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12818	Blanchfield, Penelope	12818.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12818	Blanchfield, Penelope	12818.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12818	Blanchfield, Penelope	12818.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12051	Blanken, Bernard	12051.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12051	Blanken, Bernard	12051.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12051	Blanken, Bernard	12051.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12051	Blanken, Bernard	12051.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12051	Blanken, Bernard	12051.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12517	Blasco, Natalie	12517.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12517	Blasco, Natalie	12517.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12517	Blasco, Natalie	12517.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12517	Blasco, Natalie	12517.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12517	Blasco, Natalie	12517.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12190	Blundell, Tom	12190.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12190	Blundell, Tom	12190.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12190	Blundell, Tom	12190.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12190	Blundell, Tom	12190.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12190	Blundell, Tom	12190.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12730	Boeinghoff, Hubert	12730.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12730	Boeinghoff, Hubert	12730.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12730	Boeinghoff, Hubert	12730.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12730	Boeinghoff, Hubert	12730.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12730	Boeinghoff, Hubert	12730.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12072	Booker, Ros	12072.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12072	Booker, Ros	12072.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12072	Booker, Ros	12072.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12072	Booker, Ros	12072.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12072	Booker, Ros	12072.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12458	Booth, Brendon	12458.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12458	Booth, Brendon	12458.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12458	Booth, Brendon	12458.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12458	Booth, Brendon	12458.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12458	Booth, Brendon	12458.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12958	Booth, Brendon	12958.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12958	Booth, Brendon	12958.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12958	Booth, Brendon	12958.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12958	Booth, Brendon	12958.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12958	Booth, Brendon	12958.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12219	Borthwick, Miriam	12219.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12219	Borthwick, Miriam	12219.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12219	Borthwick, Miriam	12219.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12219	Borthwick, Miriam	12219.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12219	Borthwick, Miriam	12219.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13000	Borthwick, Miriam	13000.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13000	Borthwick, Miriam	13000.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13000	Borthwick, Miriam	13000.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13000	Borthwick, Miriam	13000.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13000	Borthwick, Miriam	13000.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12287	Bose, Rachel	12287.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12287	Bose, Rachel	12287.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12287	Bose, Rachel	12287.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12287	Bose, Rachel	12287.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12287	Bose, Rachel	12287.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12408	Bostic, Marty	12408.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12408	Bostic, Marty	12408.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12408	Bostic, Marty	12408.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12408	Bostic, Marty	12408.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12408	Bostic, Marty	12408.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12345	Bostock, Vic	12345.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12345	Bostock, Vic	12345.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12345	Bostock, Vic	12345.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12345	Bostock, Vic	12345.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12345	Bostock, Vic	12345.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12906	Botardo, Ray	12906.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12906	Botardo, Ray	12906.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12906	Botardo, Ray	12906.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12906	Botardo, Ray	12906.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12906	Botardo, Ray	12906.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12387	Botha, Gray	12387.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12387	Botha, Gray	12387.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12387	Botha, Gray	12387.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12387	Botha, Gray	12387.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12387	Botha, Gray	12387.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12002	Bovy, Sandra	12002.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12002	Bovy, Sandra	12002.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12002	Bovy, Sandra	12002.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12002	Bovy, Sandra	12002.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12002	Bovy, Sandra	12002.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12873	Boyes, Jonathan	12873.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12873	Boyes, Jonathan	12873.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12873	Boyes, Jonathan	12873.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12873	Boyes, Jonathan	12873.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12873	Boyes, Jonathan	12873.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13103	Bradfo, Steve	13103.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13103	Bradfo, Steve	13103.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13103	Bradfo, Steve	13103.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13103	Bradfo, Steve	13103.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13103	Bradfo, Steve	13103.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12546	Bradshaw, Warwick	12546.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12546	Bradshaw, Warwick	12546.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12546	Bradshaw, Warwick	12546.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12546	Bradshaw, Warwick	12546.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12546	Bradshaw, Warwick	12546.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12957	Braghiroli, Iris	12957.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12957	Braghiroli, Iris	12957.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12957	Braghiroli, Iris	12957.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12957	Braghiroli, Iris	12957.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12957	Braghiroli, Iris	12957.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12602	Brandon, Nick	12602.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12602	Brandon, Nick	12602.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12602	Brandon, Nick	12602.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12602	Brandon, Nick	12602.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12602	Brandon, Nick	12602.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12602	Brandon, Nick	12602.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Stop land use change, and roll back recent land use changes
12343	Brasseur, Liliane	12343.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12343	Brasseur, Liliane	12343.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12343	Brasseur, Liliane	12343.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12343	Brasseur, Liliane	12343.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12343	Brasseur, Liliane	12343.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12601	Braun-elwert, Anne	12601.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12601	Braun-elwert, Anne	12601.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12601	Braun-elwert, Anne	12601.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12601	Braun-elwert, Anne	12601.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12601	Braun-elwert, Anne	12601.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12945	Bretschneider, Ulrich	12945.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12945	Bretschneider, Ulrich	12945.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12945	Bretschneider, Ulrich	12945.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12945	Bretschneider, Ulrich	12945.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12945	Bretschneider, Ulrich	12945.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12898	Briant, Finn	12898.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12898	Briant, Finn	12898.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12898	Briant, Finn	12898.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12898	Briant, Finn	12898.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12898	Briant, Finn	12898.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12068	Briggs, Angela	12068.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12068	Briggs, Angela	12068.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12068	Briggs, Angela	12068.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12068	Briggs, Angela	12068.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12068	Briggs, Angela	12068.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12711	Briggs, Kent	12711.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12711	Briggs, Kent	12711.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12711	Briggs, Kent	12711.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12711	Briggs, Kent	12711.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12711	Briggs, Kent	12711.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12605	Brimacombe, Phil	12605.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12605	Brimacombe, Phil	12605.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12894	Campion, Ari	12894.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12894	Campion, Ari	12894.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12894	Campion, Ari	12894.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12894	Campion, Ari	12894.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12894	Campion, Ari	12894.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12194	Cantwell, Jp	12194.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12194	Cantwell, Jp	12194.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12194	Cantwell, Jp	12194.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12194	Cantwell, Jp	12194.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12194	Cantwell, Jp	12194.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12358	Capela, Cristina	12358.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12358	Capela, Cristina	12358.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12358	Capela, Cristina	12358.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12358	Capela, Cristina	12358.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12358	Capela, Cristina	12358.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13010	Carbery, Beth	13010.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13010	Carbery, Beth	13010.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13010	Carbery, Beth	13010.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13010	Carbery, Beth	13010.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13010	Carbery, Beth	13010.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12029	Carbines, Jacqueline	12029.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12029	Carbines, Jacqueline	12029.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12029	Carbines, Jacqueline	12029.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12029	Carbines, Jacqueline	12029.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12029	Carbines, Jacqueline	12029.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12101	Carter, Frances	12101.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12101	Carter, Frances	12101.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12101	Carter, Frances	12101.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12101	Carter, Frances	12101.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12101	Carter, Frances	12101.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13076	Catt, Carolyn	13076.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13076	Catt, Carolyn	13076.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13076	Catt, Carolyn	13076.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13076	Catt, Carolyn	13076.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

13076	Catt, Carolyn	13076.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12260	Cavazza, Boris	12260.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12260	Cavazza, Boris	12260.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12260	Cavazza, Boris	12260.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12260	Cavazza, Boris	12260.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12260	Cavazza, Boris	12260.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12360	Celik, Zehra	12360.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12360	Celik, Zehra	12360.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12360	Celik, Zehra	12360.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12360	Celik, Zehra	12360.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12360	Celik, Zehra	12360.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12914	Cervera, Isabel	12914.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12914	Cervera, Isabel	12914.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12914	Cervera, Isabel	12914.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12914	Cervera, Isabel	12914.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12914	Cervera, Isabel	12914.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12749	Chai, Lydia	12749.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12749	Chai, Lydia	12749.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12749	Chai, Lydia	12749.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12749	Chai, Lydia	12749.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12749	Chai, Lydia	12749.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12061	Chandra, Bhavna	12061.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12061	Chandra, Bhavna	12061.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12061	Chandra, Bhavna	12061.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12061	Chandra, Bhavna	12061.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12061	Chandra, Bhavna	12061.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12211	Chapman, Lee	12211.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12211	Chapman, Lee	12211.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12211	Chapman, Lee	12211.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12211	Chapman, Lee	12211.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12211	Chapman, Lee	12211.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12177	Chapman, Sam	12177.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12177	Chapman, Sam	12177.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12581	Dale, Jake	12581.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12581	Dale, Jake	12581.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12581	Dale, Jake	12581.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12865	Dallas, Sally	12865.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12865	Dallas, Sally	12865.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12865	Dallas, Sally	12865.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12865	Dallas, Sally	12865.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12865	Dallas, Sally	12865.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12865	Dallas, Sally	12865.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Support efforts to rejuvenate and restore waterways and rivers
12865	Dallas, Sally	12865.007	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Clean drinking water should be available for all
12865	Dallas, Sally	12865.008	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Control runoff from dairy farming practices
12623	Darbey, Gilly	12623.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12623	Darbey, Gilly	12623.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12623	Darbey, Gilly	12623.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12623	Darbey, Gilly	12623.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12623	Darbey, Gilly	12623.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12228	Das, Ramon	12228.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12228	Das, Ramon	12228.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12228	Das, Ramon	12228.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12228	Das, Ramon	12228.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12228	Das, Ramon	12228.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12754	Dasgupta, Sumit	12754.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12754	Dasgupta, Sumit	12754.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12754	Dasgupta, Sumit	12754.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12754	Dasgupta, Sumit	12754.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12754	Dasgupta, Sumit	12754.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12661	Dashfield, Daphne	12661.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12661	Dashfield, Daphne	12661.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12661	Dashfield, Daphne	12661.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12661	Dashfield, Daphne	12661.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12661	Dashfield, Daphne	12661.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12366	Davi, Mariaioanna	12366.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12366	Davi, Mariaioanna	12366.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12366	Davi, Mariaioanna	12366.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12366	Davi, Mariaioanna	12366.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12366	Davi, Mariaioanna	12366.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12567	Davidson, John	12567.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12567	Davidson, John	12567.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12567	Davidson, John	12567.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12567	Davidson, John	12567.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12567	Davidson, John	12567.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12331	Davies, Tim	12331.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12331	Davies, Tim	12331.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12331	Davies, Tim	12331.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12331	Davies, Tim	12331.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12331	Davies, Tim	12331.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12745	Davis, Fleur	12745.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12745	Davis, Fleur	12745.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12745	Davis, Fleur	12745.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12745	Davis, Fleur	12745.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12745	Davis, Fleur	12745.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12440	Davison, Rosie	12440.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12440	Davison, Rosie	12440.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12440	Davison, Rosie	12440.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12440	Davison, Rosie	12440.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12440	Davison, Rosie	12440.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12432	Dawber, Colleen	12432.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12432	Dawber, Colleen	12432.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12432	Dawber, Colleen	12432.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12432	Dawber, Colleen	12432.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12432	Dawber, Colleen	12432.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12235	De forges, Irene	12235.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12235	De forges, Irene	12235.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12235	De forges, Irene	12235.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12235	De forges, Irene	12235.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12235	De forges, Irene	12235.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12069	De jong, Bert	12069.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12069	De jong, Bert	12069.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12069	De jong, Bert	12069.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12069	De jong, Bert	12069.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12069	De jong, Bert	12069.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12070	De Jong, Klarie	12070.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12070	De Jong, Klarie	12070.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12070	De Jong, Klarie	12070.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12070	De Jong, Klarie	12070.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12070	De Jong, Klarie	12070.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12912	De Lacey, Max	12912.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12912	De Lacey, Max	12912.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12912	De Lacey, Max	12912.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12912	De Lacey, Max	12912.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12912	De Lacey, Max	12912.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12561	De Ronde, Nina	12561.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12561	De Ronde, Nina	12561.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12561	De Ronde, Nina	12561.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12561	De Ronde, Nina	12561.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12561	De Ronde, Nina	12561.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12477	De Sousa, Kristin	12477.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12477	De Sousa, Kristin	12477.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12477	De Sousa, Kristin	12477.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12477	De Sousa, Kristin	12477.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12477	De Sousa, Kristin	12477.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13018	De Vries, Renae	13018.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13018	De Vries, Renae	13018.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13018	De Vries, Renae	13018.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13018	De Vries, Renae	13018.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13018	De Vries, Renae	13018.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12252	Deakins, David	12252.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12252	Deakins, David	12252.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12252	Deakins, David	12252.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12252	Deakins, David	12252.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12252	Deakins, David	12252.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12962	Degendorfer, Christina	12962.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12962	Degendorfer, Christina	12962.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12962	Degendorfer, Christina	12962.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12962	Degendorfer, Christina	12962.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12962	Degendorfer, Christina	12962.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12033	Delarue, Peter	12033.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12033	Delarue, Peter	12033.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12033	Delarue, Peter	12033.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12033	Delarue, Peter	12033.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12033	Delarue, Peter	12033.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13083	Dellabarca, Wayne	13083.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13083	Dellabarca, Wayne	13083.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13083	Dellabarca, Wayne	13083.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13083	Dellabarca, Wayne	13083.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13083	Dellabarca, Wayne	13083.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13086	Dellabarca, Wayne	13086.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13086	Dellabarca, Wayne	13086.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

13086	Dellabarca, Wayne	13086.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13086	Dellabarca, Wayne	13086.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13086	Dellabarca, Wayne	13086.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12925	Demmers, Petra	12925.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12925	Demmers, Petra	12925.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12925	Demmers, Petra	12925.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12925	Demmers, Petra	12925.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12925	Demmers, Petra	12925.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12255	Demoulin de riols, Béatrice	12255.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12255	Demoulin de riols, Béatrice	12255.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12255	Demoulin de riols, Béatrice	12255.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12255	Demoulin de riols, Béatrice	12255.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12255	Demoulin de riols, Béatrice	12255.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12949	detemmerman, yo	12949.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12949	detemmerman, yo	12949.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12949	detemmerman, yo	12949.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12821	Drake, Warren	12821.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12821	Drake, Warren	12821.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12821	Drake, Warren	12821.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12821	Drake, Warren	12821.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12821	Drake, Warren	12821.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12479	Dreaver, Carolyn	12479.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12479	Dreaver, Carolyn	12479.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12479	Dreaver, Carolyn	12479.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12479	Dreaver, Carolyn	12479.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12479	Dreaver, Carolyn	12479.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12480	Dreaver, Carolyn	12480.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12480	Dreaver, Carolyn	12480.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12480	Dreaver, Carolyn	12480.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12480	Dreaver, Carolyn	12480.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12480	Dreaver, Carolyn	12480.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12265	Dromgool, Stewart	12265.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12265	Dromgool, Stewart	12265.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12265	Dromgool, Stewart	12265.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12265	Dromgool, Stewart	12265.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12265	Dromgool, Stewart	12265.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12086	Drumright, Chris	12086.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12086	Drumright, Chris	12086.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12086	Drumright, Chris	12086.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12086	Drumright, Chris	12086.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12086	Drumright, Chris	12086.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12059	Duncan, Wayne	12059.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12059	Duncan, Wayne	12059.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12059	Duncan, Wayne	12059.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12059	Duncan, Wayne	12059.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12059	Duncan, Wayne	12059.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13037	Dunkley, Judy	13037.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13037	Dunkley, Judy	13037.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13037	Dunkley, Judy	13037.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13037	Dunkley, Judy	13037.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13037	Dunkley, Judy	13037.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12435	Dunn, Kevin	12435.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12435	Dunn, Kevin	12435.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12435	Dunn, Kevin	12435.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12435	Dunn, Kevin	12435.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12435	Dunn, Kevin	12435.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12305	Durent, Reuben	12305.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12305	Durent, Reuben	12305.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12305	Durent, Reuben	12305.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12305	Durent, Reuben	12305.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12305	Durent, Reuben	12305.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12543	Dymond, Michael	12543.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12543	Dymond, Michael	12543.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12543	Dymond, Michael	12543.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12543	Dymond, Michael	12543.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12543	Dymond, Michael	12543.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12071	Eagle, Brent	12071.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12071	Eagle, Brent	12071.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12071	Eagle, Brent	12071.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12071	Eagle, Brent	12071.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12071	Eagle, Brent	12071.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12632	Eales, Marilyn	12632.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12632	Eales, Marilyn	12632.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12632	Eales, Marilyn	12632.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12632	Eales, Marilyn	12632.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12632	Eales, Marilyn	12632.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12351	Eaton, Tammy	12351.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12351	Eaton, Tammy	12351.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12351	Eaton, Tammy	12351.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12351	Eaton, Tammy	12351.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12351	Eaton, Tammy	12351.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12110	Edgar, Caroline	12110.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12110	Edgar, Caroline	12110.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12110	Edgar, Caroline	12110.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12110	Edgar, Caroline	12110.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12110	Edgar, Caroline	12110.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12188	Edgar, Pat	12188.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12188	Edgar, Pat	12188.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12188	Edgar, Pat	12188.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12188	Edgar, Pat	12188.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12188	Edgar, Pat	12188.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12575	Edney, Karen	12575.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12575	Edney, Karen	12575.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12575	Edney, Karen	12575.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12575	Edney, Karen	12575.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12575	Edney, Karen	12575.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12368	Ekenberg, Daniel	12368.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12368	Ekenberg, Daniel	12368.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12368	Ekenberg, Daniel	12368.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12368	Ekenberg, Daniel	12368.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12368	Ekenberg, Daniel	12368.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12860	Ellis, Debra	12860.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12860	Ellis, Debra	12860.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12860	Ellis, Debra	12860.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12860	Ellis, Debra	12860.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12860	Ellis, Debra	12860.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12597	Ellis, June	12597.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12597	Ellis, June	12597.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12597	Ellis, June	12597.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12597	Ellis, June	12597.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12597	Ellis, June	12597.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12119	Elsmore, Bronwyn	12119.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12119	Elsmore, Bronwyn	12119.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12119	Elsmore, Bronwyn	12119.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12119	Elsmore, Bronwyn	12119.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12119	Elsmore, Bronwyn	12119.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12666	Elsworth, Elizabeth	12666.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12666	Elsworth, Elizabeth	12666.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12666	Elsworth, Elizabeth	12666.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12666	Elsworth, Elizabeth	12666.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12666	Elsworth, Elizabeth	12666.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12046	Elworthy, Harriet	12046.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12046	Elworthy, Harriet	12046.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12046	Elworthy, Harriet	12046.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12046	Elworthy, Harriet	12046.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12046	Elworthy, Harriet	12046.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12545	Emmerson, Ayla	12545.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12545	Emmerson, Ayla	12545.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12545	Emmerson, Ayla	12545.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12545	Emmerson, Ayla	12545.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12545	Emmerson, Ayla	12545.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12088	Emmerson, Dean	12088.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12088	Emmerson, Dean	12088.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12088	Emmerson, Dean	12088.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12088	Emmerson, Dean	12088.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12088	Emmerson, Dean	12088.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12357	Empson, Victoria	12357.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12357	Empson, Victoria	12357.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12357	Empson, Victoria	12357.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12357	Empson, Victoria	12357.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12357	Empson, Victoria	12357.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12161	Engels, Angelika	12161.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12161	Engels, Angelika	12161.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12161	Engels, Angelika	12161.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12161	Engels, Angelika	12161.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12161	Engels, Angelika	12161.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12493	Esselbrugge, Rintje (Ron)	12493.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12493	Esselbrugge, Rintje (Ron)	12493.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12493	Esselbrugge, Rintje (Ron)	12493.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12493	Esselbrugge, Rintje (Ron)	12493.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12493	Esselbrugge, Rintje (Ron)	12493.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12243	Eulry, Nathalie	12243.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12243	Eulry, Nathalie	12243.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12243	Eulry, Nathalie	12243.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12243	Eulry, Nathalie	12243.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12243	Eulry, Nathalie	12243.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12782	Evans, Jo	12782.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12782	Evans, Jo	12782.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12782	Evans, Jo	12782.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12782	Evans, Jo	12782.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12782	Evans, Jo	12782.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12744	Everard, Frances	12744.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12744	Everard, Frances	12744.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12744	Everard, Frances	12744.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12744	Everard, Frances	12744.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12744	Everard, Frances	12744.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12272	Fahey, Maria	12272.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12272	Fahey, Maria	12272.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12272	Fahey, Maria	12272.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12272	Fahey, Maria	12272.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12272	Fahey, Maria	12272.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12655	Fairbrother, Jenny	12655.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12655	Fairbrother, Jenny	12655.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12655	Fairbrother, Jenny	12655.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12655	Fairbrother, Jenny	12655.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12655	Fairbrother, Jenny	12655.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12453	Fairhurst, Michael	12453.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12453	Fairhurst, Michael	12453.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12453	Fairhurst, Michael	12453.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12453	Fairhurst, Michael	12453.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12453	Fairhurst, Michael	12453.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12787	Fannin, Nigel	12787.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12787	Fannin, Nigel	12787.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12787	Fannin, Nigel	12787.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12787	Fannin, Nigel	12787.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12787	Fannin, Nigel	12787.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12409	Fardoulis, Emmanuel	12409.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12409	Fardoulis, Emmanuel	12409.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12409	Fardoulis, Emmanuel	12409.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12409	Fardoulis, Emmanuel	12409.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12409	Fardoulis, Emmanuel	12409.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12175	Fassin, Anne	12175.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12175	Fassin, Anne	12175.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12175	Fassin, Anne	12175.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12175	Fassin, Anne	12175.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12175	Fassin, Anne	12175.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12950	Ferrari, Angela	12950.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12950	Ferrari, Angela	12950.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12950	Ferrari, Angela	12950.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12950	Ferrari, Angela	12950.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12950	Ferrari, Angela	12950.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12079	Ferriani, Riccardo	12079.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12079	Ferriani, Riccardo	12079.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12079	Ferriani, Riccardo	12079.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12079	Ferriani, Riccardo	12079.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12079	Ferriani, Riccardo	12079.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12521	Finlay, Anne	12521.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12521	Finlay, Anne	12521.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12521	Finlay, Anne	12521.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12521	Finlay, Anne	12521.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12521	Finlay, Anne	12521.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12316	Finlayson, Elizabeth	12316.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12316	Finlayson, Elizabeth	12316.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12316	Finlayson, Elizabeth	12316.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12316	Finlayson, Elizabeth	12316.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12316	Finlayson, Elizabeth	12316.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12001	Fitzgerald, Bryan	12001.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12001	Fitzgerald, Bryan	12001.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12001	Fitzgerald, Bryan	12001.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12001	Fitzgerald, Bryan	12001.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12001	Fitzgerald, Bryan	12001.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12508	Fitzgerald, Neil	12508.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12508	Fitzgerald, Neil	12508.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12508	Fitzgerald, Neil	12508.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12508	Fitzgerald, Neil	12508.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12508	Fitzgerald, Neil	12508.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12510	Fitzgerald, Neil	12510.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12510	Fitzgerald, Neil	12510.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12510	Fitzgerald, Neil	12510.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12510	Fitzgerald, Neil	12510.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12510	Fitzgerald, Neil	12510.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13060	FitzGerald, Patricia	13060.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13060	FitzGerald, Patricia	13060.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13060	FitzGerald, Patricia	13060.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13060	FitzGerald, Patricia	13060.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

13060	FitzGerald, Patricia	13060.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12825	Fitzgibbon, Lisa	12825.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12825	Fitzgibbon, Lisa	12825.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12825	Fitzgibbon, Lisa	12825.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12825	Fitzgibbon, Lisa	12825.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12825	Fitzgibbon, Lisa	12825.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12376	Fogliacco, Elisa	12376.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12376	Fogliacco, Elisa	12376.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12376	Fogliacco, Elisa	12376.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12376	Fogliacco, Elisa	12376.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12376	Fogliacco, Elisa	12376.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13015	Fogliani, Sandra	13015.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13015	Fogliani, Sandra	13015.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13015	Fogliani, Sandra	13015.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

13015	Fogliani, Sandra	13015.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13015	Fogliani, Sandra	13015.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12469	Fong, Benson	12469.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12469	Fong, Benson	12469.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12469	Fong, Benson	12469.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12469	Fong, Benson	12469.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12469	Fong, Benson	12469.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12470	Font, Nico	12470.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12470	Font, Nico	12470.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12470	Font, Nico	12470.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12470	Font, Nico	12470.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12470	Font, Nico	12470.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12908	Forde, Bryan	12908.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12908	Forde, Bryan	12908.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12908	Forde, Bryan	12908.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12908	Forde, Bryan	12908.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12908	Forde, Bryan	12908.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13053	Forgus, Lorna	13053.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13053	Forgus, Lorna	13053.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13053	Forgus, Lorna	13053.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13053	Forgus, Lorna	13053.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13053	Forgus, Lorna	13053.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12635	Forlong, Rodney	12635.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12635	Forlong, Rodney	12635.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12635	Forlong, Rodney	12635.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12635	Forlong, Rodney	12635.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12635	Forlong, Rodney	12635.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12843	Forman, Janet	12843.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12843	Forman, Janet	12843.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12843	Forman, Janet	12843.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12843	Forman, Janet	12843.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12843	Forman, Janet	12843.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13074	Fortuny, Christelle	13074.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13074	Fortuny, Christelle	13074.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13074	Fortuny, Christelle	13074.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13074	Fortuny, Christelle	13074.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13074	Fortuny, Christelle	13074.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12732	Foster, Lorraine	12732.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12732	Foster, Lorraine	12732.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12732	Foster, Lorraine	12732.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12732	Foster, Lorraine	12732.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12732	Foster, Lorraine	12732.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12112	Fowler, Wendy	12112.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12112	Fowler, Wendy	12112.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12112	Fowler, Wendy	12112.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12112	Fowler, Wendy	12112.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12112	Fowler, Wendy	12112.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12834	Fox, Hemi	12834.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12834	Fox, Hemi	12834.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12834	Fox, Hemi	12834.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12834	Fox, Hemi	12834.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long- term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12834	Fox, Hemi	12834.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12834	Fox, Hemi	12834.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Implement water charges on river intakes and well bores
12834	Fox, Hemi	12834.007	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Tax Nitrogen fertilisers
12401	Fox, Rae	12401.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12401	Fox, Rae	12401.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12401	Fox, Rae	12401.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12401	Fox, Rae	12401.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12401	Fox, Rae	12401.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12429	Franceski, Dalibor	12429.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12429	Franceski, Dalibor	12429.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12429	Franceski, Dalibor	12429.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12429	Franceski, Dalibor	12429.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12429	Franceski, Dalibor	12429.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12874	Francina, Franceska	12874.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12874	Francina, Franceska	12874.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12874	Francina, Franceska	12874.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12874	Francina, Franceska	12874.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12874	Francina, Franceska	12874.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12868	Francis, Jez	12868.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12868	Francis, Jez	12868.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12868	Francis, Jez	12868.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12868	Francis, Jez	12868.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12868	Francis, Jez	12868.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12115	Frater, Brendon	12115.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12115	Frater, Brendon	12115.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12115	Frater, Brendon	12115.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12115	Frater, Brendon	12115.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12115	Frater, Brendon	12115.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12568	Fredricson, Wayne	12568.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12568	Fredricson, Wayne	12568.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12568	Fredricson, Wayne	12568.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12568	Fredricson, Wayne	12568.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12568	Fredricson, Wayne	12568.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12259	Friedeborn, Dr. Hildegard	12259.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12259	Friedeborn, Dr. Hildegard	12259.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12259	Friedeborn, Dr. Hildegard	12259.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12259	Friedeborn, Dr. Hildegard	12259.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12259	Friedeborn, Dr. Hildegard	12259.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12216	Friedlander, Emily	12216.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12216	Friedlander, Emily	12216.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12216	Friedlander, Emily	12216.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12216	Friedlander, Emily	12216.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12216	Friedlander, Emily	12216.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13095	Fritz, Heather	13095.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13095	Fritz, Heather	13095.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13095	Fritz, Heather	13095.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13095	Fritz, Heather	13095.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13095	Fritz, Heather	13095.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12036	Fuentes, Manel	12036.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12036	Fuentes, Manel	12036.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12036	Fuentes, Manel	12036.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12036	Fuentes, Manel	12036.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12036	Fuentes, Manel	12036.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12300	Fullam, Michael	12300.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12300	Fullam, Michael	12300.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12300	Fullam, Michael	12300.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12300	Fullam, Michael	12300.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12300	Fullam, Michael	12300.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12246	Fulton, Cris	12246.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12246	Fulton, Cris	12246.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12246	Fulton, Cris	12246.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12246	Fulton, Cris	12246.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12246	Fulton, Cris	12246.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12851	Fyfe, Annie	12851.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12851	Fyfe, Annie	12851.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12851	Fyfe, Annie	12851.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12851	Fyfe, Annie	12851.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12851	Fyfe, Annie	12851.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12495	Gagan, Mary	12495.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12495	Gagan, Mary	12495.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12495	Gagan, Mary	12495.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12495	Gagan, Mary	12495.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12495	Gagan, Mary	12495.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12297	Gailani, Nawar	12297.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12297	Gailani, Nawar	12297.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12297	Gailani, Nawar	12297.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12297	Gailani, Nawar	12297.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12297	Gailani, Nawar	12297.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12549	Gaitens, Ailison	12549.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12549	Gaitens, Ailison	12549.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12549	Gaitens, Ailison	12549.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12549	Gaitens, Ailison	12549.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12549	Gaitens, Ailison	12549.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12077	Garcia, Raul	12077.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12077	Garcia, Raul	12077.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12077	Garcia, Raul	12077.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12077	Garcia, Raul	12077.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12077	Garcia, Raul	12077.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12798	Gardiner, Richard	12798.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12798	Gardiner, Richard	12798.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12798	Gardiner, Richard	12798.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12798	Gardiner, Richard	12798.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12798	Gardiner, Richard	12798.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12592	Gardner, Brian	12592.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12592	Gardner, Brian	12592.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12592	Gardner, Brian	12592.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12592	Gardner, Brian	12592.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12592	Gardner, Brian	12592.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12948	Gardner, James	12948.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12948	Gardner, James	12948.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12948	Gardner, James	12948.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12948	Gardner, James	12948.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12948	Gardner, James	12948.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12687	Garnett, Joy	12687.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12687	Garnett, Joy	12687.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12687	Garnett, Joy	12687.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12687	Garnett, Joy	12687.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12687	Garnett, Joy	12687.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12938	Garrett, Anne	12938.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12938	Garrett, Anne	12938.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12938	Garrett, Anne	12938.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12938	Garrett, Anne	12938.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12938	Garrett, Anne	12938.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12374	Gengo, Julie	12374.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12374	Gengo, Julie	12374.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12374	Gengo, Julie	12374.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12374	Gengo, Julie	12374.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12374	Gengo, Julie	12374.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12474	Gergovski, Hristo	12474.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12474	Gergovski, Hristo	12474.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12474	Gergovski, Hristo	12474.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12474	Gergovski, Hristo	12474.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12474	Gergovski, Hristo	12474.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12163	Giess, Andrew	12163.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12163	Giess, Andrew	12163.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12163	Giess, Andrew	12163.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12163	Giess, Andrew	12163.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12163	Giess, Andrew	12163.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13052	Gilbert, Fiona	13052.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13052	Gilbert, Fiona	13052.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13052	Gilbert, Fiona	13052.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13052	Gilbert, Fiona	13052.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13052	Gilbert, Fiona	13052.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12919	Gilbert, Jes	12919.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12919	Gilbert, Jes	12919.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12919	Gilbert, Jes	12919.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12919	Gilbert, Jes	12919.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12919	Gilbert, Jes	12919.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12424	Gilkison, Nicky	12424.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12424	Gilkison, Nicky	12424.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12424	Gilkison, Nicky	12424.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12424	Gilkison, Nicky	12424.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12424	Gilkison, Nicky	12424.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12664	Gillies, Hunter	12664.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12664	Gillies, Hunter	12664.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12664	Gillies, Hunter	12664.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12664	Gillies, Hunter	12664.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12664	Gillies, Hunter	12664.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12694	Gilmore, Yvonne	12694.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12694	Gilmore, Yvonne	12694.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12694	Gilmore, Yvonne	12694.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12694	Gilmore, Yvonne	12694.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12694	Gilmore, Yvonne	12694.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12726	Gisquet, Oriane	12726.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12726	Gisquet, Oriane	12726.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12726	Gisquet, Oriane	12726.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12726	Gisquet, Oriane	12726.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12726	Gisquet, Oriane	12726.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12790	Glass, Perri	12790.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12790	Glass, Perri	12790.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12790	Glass, Perri	12790.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12790	Glass, Perri	12790.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12790	Glass, Perri	12790.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12156	Glasser, Mark	12156.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12156	Glasser, Mark	12156.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12156	Glasser, Mark	12156.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12156	Glasser, Mark	12156.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12156	Glasser, Mark	12156.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12361	Gleeson, Matthew	12361.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12361	Gleeson, Matthew	12361.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12361	Gleeson, Matthew	12361.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12361	Gleeson, Matthew	12361.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12361	Gleeson, Matthew	12361.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12362	Gleeson, Matthew	12362.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12362	Gleeson, Matthew	12362.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12362	Gleeson, Matthew	12362.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12362	Gleeson, Matthew	12362.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12362	Gleeson, Matthew	12362.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12338	Godliman, Sarah	12338.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12338	Godliman, Sarah	12338.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12338	Godliman, Sarah	12338.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12338	Godliman, Sarah	12338.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12338	Godliman, Sarah	12338.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12826	Goldsmith, Marc	12826.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12826	Goldsmith, Marc	12826.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12826	Goldsmith, Marc	12826.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12826	Goldsmith, Marc	12826.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12826	Goldsmith, Marc	12826.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12295	Gooding, Jennifer	12295.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12295	Gooding, Jennifer	12295.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12295	Gooding, Jennifer	12295.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12295	Gooding, Jennifer	12295.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12295	Gooding, Jennifer	12295.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12591	Goodrich, John	12591.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12591	Goodrich, John	12591.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12591	Goodrich, John	12591.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12591	Goodrich, John	12591.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12591	Goodrich, John	12591.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12922	Gould, Michael	12922.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12922	Gould, Michael	12922.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12922	Gould, Michael	12922.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12922	Gould, Michael	12922.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12922	Gould, Michael	12922.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12846	Granitzer, Guenther	12846.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12846	Granitzer, Guenther	12846.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12846	Granitzer, Guenther	12846.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12846	Granitzer, Guenther	12846.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12846	Granitzer, Guenther	12846.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12024	Graves, Nathan	12024.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12024	Graves, Nathan	12024.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12024	Graves, Nathan	12024.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12024	Graves, Nathan	12024.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12024	Graves, Nathan	12024.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12710	Gray, Yvonne	12710.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12710	Gray, Yvonne	12710.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12710	Gray, Yvonne	12710.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12710	Gray, Yvonne	12710.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12710	Gray, Yvonne	12710.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12231	Green, Kirsten	12231.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12231	Green, Kirsten	12231.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12231	Green, Kirsten	12231.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12231	Green, Kirsten	12231.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12231	Green, Kirsten	12231.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12758	Green, Les	12758.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12758	Green, Les	12758.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12758	Green, Les	12758.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12758	Green, Les	12758.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12758	Green, Les	12758.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12700	Green, Lorraine	12700.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12700	Green, Lorraine	12700.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12700	Green, Lorraine	12700.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12700	Green, Lorraine	12700.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12700	Green, Lorraine	12700.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12742	Green, Mary	12742.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12742	Green, Mary	12742.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12742	Green, Mary	12742.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12742	Green, Mary	12742.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12742	Green, Mary	12742.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12434	Greene, Nicole	12434.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12434	Greene, Nicole	12434.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12434	Greene, Nicole	12434.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12434	Greene, Nicole	12434.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12434	Greene, Nicole	12434.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12854	Greene, Philip	12854.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12854	Greene, Philip	12854.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12854	Greene, Philip	12854.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12854	Greene, Philip	12854.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12248	Greenwood, Alex	12248.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12248	Greenwood, Alex	12248.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12248	Greenwood, Alex	12248.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12248	Greenwood, Alex	12248.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12248	Greenwood, Alex	12248.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12657	Gregory, Peter	12657.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12657	Gregory, Peter	12657.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12657	Gregory, Peter	12657.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12657	Gregory, Peter	12657.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12657	Gregory, Peter	12657.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12640	Grey, Anne	12640.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12640	Grey, Anne	12640.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12640	Grey, Anne	12640.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12640	Grey, Anne	12640.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12640	Grey, Anne	12640.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12011	Grice, Cheryl	12011.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12011	Grice, Cheryl	12011.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12011	Grice, Cheryl	12011.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12011	Grice, Cheryl	12011.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12011	Grice, Cheryl	12011.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12896	Gumbrell, Joanne	12896.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12896	Gumbrell, Joanne	12896.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12896	Gumbrell, Joanne	12896.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12896	Gumbrell, Joanne	12896.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12896	Gumbrell, Joanne	12896.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12394	Gumiero, Giampietro	12394.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12394	Gumiero, Giampietro	12394.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12394	Gumiero, Giampietro	12394.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12394	Gumiero, Giampietro	12394.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12394	Gumiero, Giampietro	12394.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12094	Gunn, Jason	12094.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12094	Gunn, Jason	12094.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12094	Gunn, Jason	12094.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12094	Gunn, Jason	12094.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12094	Gunn, Jason	12094.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12670	Gunst, Branden	12670.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12670	Gunst, Branden	12670.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12670	Gunst, Branden	12670.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12670	Gunst, Branden	12670.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12670	Gunst, Branden	12670.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12973	Gurney, Trixie	12973.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12973	Gurney, Trixie	12973.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12973	Gurney, Trixie	12973.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12973	Gurney, Trixie	12973.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12973	Gurney, Trixie	12973.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12987	Hacking, John	12987.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12987	Hacking, John	12987.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12987	Hacking, John	12987.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12987	Hacking, John	12987.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12987	Hacking, John	12987.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12988	Hacking, John	12988.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12988	Hacking, John	12988.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12988	Hacking, John	12988.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12988	Hacking, John	12988.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12988	Hacking, John	12988.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12696	Haddad, Monica	12696.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12696	Haddad, Monica	12696.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12696	Haddad, Monica	12696.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12696	Haddad, Monica	12696.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12696	Haddad, Monica	12696.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13093	Haggerty, Jason	13093.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13093	Haggerty, Jason	13093.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13093	Haggerty, Jason	13093.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13093	Haggerty, Jason	13093.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13093	Haggerty, Jason	13093.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13008	Hall, Heather	13008.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13008	Hall, Heather	13008.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

13008	Hall, Heather	13008.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13008	Hall, Heather	13008.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13008	Hall, Heather	13008.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12505	Halliday, Justine	12505.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12505	Halliday, Justine	12505.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12505	Halliday, Justine	12505.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12505	Halliday, Justine	12505.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12505	Halliday, Justine	12505.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12750	Hamilton, Noel	12750.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12750	Hamilton, Noel	12750.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12750	Hamilton, Noel	12750.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12750	Hamilton, Noel	12750.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12750	Hamilton, Noel	12750.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12808	Hammarsal, Maya	12808.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12808	Hammarsal, Maya	12808.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12808	Hammarsal, Maya	12808.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12808	Hammarsal, Maya	12808.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12808	Hammarsal, Maya	12808.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12270	Hancock, Doreen	12270.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12270	Hancock, Doreen	12270.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12270	Hancock, Doreen	12270.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12270	Hancock, Doreen	12270.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12270	Hancock, Doreen	12270.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12337	Hanowski, Roswitha	12337.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12337	Hanowski, Roswitha	12337.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12337	Hanowski, Roswitha	12337.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12337	Hanowski, Roswitha	12337.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12337	Hanowski, Roswitha	12337.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12114	Hansen, Glenys	12114.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12114	Hansen, Glenys	12114.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12114	Hansen, Glenys	12114.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12114	Hansen, Glenys	12114.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12114	Hansen, Glenys	12114.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13059	Harding, Tim	13059.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13059	Harding, Tim	13059.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13059	Harding, Tim	13059.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13059	Harding, Tim	13059.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13059	Harding, Tim	13059.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12174	Harris, Anthony	12174.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12174	Harris, Anthony	12174.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12174	Harris, Anthony	12174.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12174	Harris, Anthony	12174.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12174	Harris, Anthony	12174.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12933	Harris, Jocelyn	12933.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12933	Harris, Jocelyn	12933.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12933	Harris, Jocelyn	12933.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12933	Harris, Jocelyn	12933.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12933	Harris, Jocelyn	12933.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12463	Harris, Jon	12463.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12463	Harris, Jon	12463.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12463	Harris, Jon	12463.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12463	Harris, Jon	12463.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12463	Harris, Jon	12463.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12065	Hart, Patricia	12065.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12065	Hart, Patricia	12065.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12065	Hart, Patricia	12065.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12065	Hart, Patricia	12065.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12065	Hart, Patricia	12065.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12878	Harty, Kevin	12878.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12878	Harty, Kevin	12878.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12878	Harty, Kevin	12878.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12878	Harty, Kevin	12878.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12878	Harty, Kevin	12878.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12210	Hatvani, Edina	12210.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12210	Hatvani, Edina	12210.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12210	Hatvani, Edina	12210.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12210	Hatvani, Edina	12210.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12210	Hatvani, Edina	12210.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12313	Hauenstein, Christine	12313.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12313	Hauenstein, Christine	12313.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12313	Hauenstein, Christine	12313.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12313	Hauenstein, Christine	12313.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12313	Hauenstein, Christine	12313.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13082	Hayler, Philip	13082.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13082	Hayler, Philip	13082.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13082	Hayler, Philip	13082.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13082	Hayler, Philip	13082.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13082	Hayler, Philip	13082.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12098	Haynes, Taryn	12098.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12098	Haynes, Taryn	12098.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12098	Haynes, Taryn	12098.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12098	Haynes, Taryn	12098.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12098	Haynes, Taryn	12098.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12699	Hazelton, Margaret	12699.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12699	Hazelton, Margaret	12699.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing

						out synthetic nitrogen fertiliser and lowering cow stocking rates.
12699	Hazelton, Margaret	12699.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12699	Hazelton, Margaret	12699.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12699	Hazelton, Margaret	12699.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12019	Heaphy, Alex	12019.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12019	Heaphy, Alex	12019.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12019	Heaphy, Alex	12019.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12019	Heaphy, Alex	12019.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12019	Heaphy, Alex	12019.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12579	Hearn, Elissa	12579.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12579	Hearn, Elissa	12579.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12579	Hearn, Elissa	12579.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12579	Hearn, Elissa	12579.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12579	Hearn, Elissa	12579.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12580	Hearn, Elissa	12580.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12580	Hearn, Elissa	12580.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12580	Hearn, Elissa	12580.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12580	Hearn, Elissa	12580.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12580	Hearn, Elissa	12580.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12676	Heath-johnson, Seb	12676.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12676	Heath-johnson, Seb	12676.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12676	Heath-johnson, Seb	12676.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12676	Heath-johnson, Seb	12676.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12676	Heath-johnson, Seb	12676.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12128	Hedges, Alison	12128.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12128	Hedges, Alison	12128.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12128	Hedges, Alison	12128.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12128	Hedges, Alison	12128.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12128	Hedges, Alison	12128.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12124	Hedges, Greg	12124.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12124	Hedges, Greg	12124.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12124	Hedges, Greg	12124.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12124	Hedges, Greg	12124.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12124	Hedges, Greg	12124.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12476	Henderson, Julz	12476.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12476	Henderson, Julz	12476.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12476	Henderson, Julz	12476.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12476	Henderson, Julz	12476.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12476	Henderson, Julz	12476.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12447	Henderson, Kelsey	12447.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12447	Henderson, Kelsey	12447.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12447	Henderson, Kelsey	12447.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12447	Henderson, Kelsey	12447.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12447	Henderson, Kelsey	12447.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12263	Henderson, Sissiel	12263.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12263	Henderson, Sissiel	12263.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12263	Henderson, Sissiel	12263.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12263	Henderson, Sissiel	12263.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12263	Henderson, Sissiel	12263.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12317	Hendrickson, Alana	12317.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12317	Hendrickson, Alana	12317.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12317	Hendrickson, Alana	12317.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12317	Hendrickson, Alana	12317.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12317	Hendrickson, Alana	12317.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12709	Hennig, Joerg	12709.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12709	Hennig, Joerg	12709.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12709	Hennig, Joerg	12709.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12709	Hennig, Joerg	12709.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12709	Hennig, Joerg	12709.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12136	Henning, Kathleen	12136.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12136	Henning, Kathleen	12136.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12136	Henning, Kathleen	12136.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12136	Henning, Kathleen	12136.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12136	Henning, Kathleen	12136.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12441	Hepburn, Adam	12441.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12441	Hepburn, Adam	12441.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12441	Hepburn, Adam	12441.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12441	Hepburn, Adam	12441.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12441	Hepburn, Adam	12441.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13036	Hepworth, Ron	13036.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13036	Hepworth, Ron	13036.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

13036	Hepworth, Ron	13036.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13036	Hepworth, Ron	13036.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13036	Hepworth, Ron	13036.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12707	Hicks, Sandra	12707.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12707	Hicks, Sandra	12707.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12707	Hicks, Sandra	12707.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12707	Hicks, Sandra	12707.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12707	Hicks, Sandra	12707.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12780	Higgins, John	12780.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12780	Higgins, John	12780.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12780	Higgins, John	12780.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12780	Higgins, John	12780.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12780	Higgins, John	12780.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12617	Hill, Richard	12617.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12617	Hill, Richard	12617.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12617	Hill, Richard	12617.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12617	Hill, Richard	12617.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12617	Hill, Richard	12617.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12806	Hinds, Geoffrey	12806.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12806	Hinds, Geoffrey	12806.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12806	Hinds, Geoffrey	12806.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12806	Hinds, Geoffrey	12806.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12806	Hinds, Geoffrey	12806.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13070	Hines, Craig	13070.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13070	Hines, Craig	13070.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13070	Hines, Craig	13070.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13070	Hines, Craig	13070.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13070	Hines, Craig	13070.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12936	Hipp, Christian	12936.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12936	Hipp, Christian	12936.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12936	Hipp, Christian	12936.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12936	Hipp, Christian	12936.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12936	Hipp, Christian	12936.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12031	Hippolite, Tyler	12031.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12031	Hippolite, Tyler	12031.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12031	Hippolite, Tyler	12031.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12031	Hippolite, Tyler	12031.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12031	Hippolite, Tyler	12031.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12127	Hirose, Geoffry	12127.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12127	Hirose, Geoffry	12127.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12127	Hirose, Geoffry	12127.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12127	Hirose, Geoffry	12127.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12127	Hirose, Geoffry	12127.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12845	Hirst, Fred	12845.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12845	Hirst, Fred	12845.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12845	Hirst, Fred	12845.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12845	Hirst, Fred	12845.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12845	Hirst, Fred	12845.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12537	Hodson, Linda	12537.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12537	Hodson, Linda	12537.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12537	Hodson, Linda	12537.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12537	Hodson, Linda	12537.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12537	Hodson, Linda	12537.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12326	Hoeg, Heidi	12326.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12326	Hoeg, Heidi	12326.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12326	Hoeg, Heidi	12326.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12326	Hoeg, Heidi	12326.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12326	Hoeg, Heidi	12326.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12599	Hoey, Emma	12599.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12599	Hoey, Emma	12599.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12599	Hoey, Emma	12599.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12599	Hoey, Emma	12599.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12599	Hoey, Emma	12599.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12283	Hoff, Mads	12283.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12283	Hoff, Mads	12283.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12283	Hoff, Mads	12283.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12283	Hoff, Mads	12283.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12283	Hoff, Mads	12283.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12334	Hofstaetter, Cornelia	12334.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12334	Hofstaetter, Cornelia	12334.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12334	Hofstaetter, Cornelia	12334.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12334	Hofstaetter, Cornelia	12334.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12334	Hofstaetter, Cornelia	12334.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12055	Hokke, Bob	12055.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12055	Hokke, Bob	12055.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12055	Hokke, Bob	12055.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12055	Hokke, Bob	12055.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12055	Hokke, Bob	12055.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12189	Holland, Virginia	12189.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12189	Holland, Virginia	12189.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12189	Holland, Virginia	12189.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12189	Holland, Virginia	12189.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12189	Holland, Virginia	12189.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12193	Holland, Virginia	12193.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12193	Holland, Virginia	12193.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12193	Holland, Virginia	12193.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12193	Holland, Virginia	12193.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12193	Holland, Virginia	12193.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12062	Holliday, Andrew	12062.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12062	Holliday, Andrew	12062.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12062	Holliday, Andrew	12062.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12062	Holliday, Andrew	12062.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12062	Holliday, Andrew	12062.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12224	Hollinrake, Mark	12224.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12224	Hollinrake, Mark	12224.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12224	Hollinrake, Mark	12224.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12224	Hollinrake, Mark	12224.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12224	Hollinrake, Mark	12224.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12598	Hollins, Amber	12598.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12598	Hollins, Amber	12598.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12598	Hollins, Amber	12598.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12598	Hollins, Amber	12598.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12598	Hollins, Amber	12598.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12598	Hollins, Amber	12598.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Oppose addition of fluoride to water supply
12547	Holloway, Rachael	12547.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12547	Holloway, Rachael	12547.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12547	Holloway, Rachael	12547.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12547	Holloway, Rachael	12547.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12547	Holloway, Rachael	12547.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12268	Holman, Delphine	12268.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12268	Holman, Delphine	12268.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12268	Holman, Delphine	12268.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12268	Holman, Delphine	12268.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of

						Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12268	Holman, Delphine	12268.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12611	Holmes, Yvonne	12611.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12611	Holmes, Yvonne	12611.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12611	Holmes, Yvonne	12611.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12611	Holmes, Yvonne	12611.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12611	Holmes, Yvonne	12611.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12402	Homan, Teresa	12402.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12402	Homan, Teresa	12402.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12402	Homan, Teresa	12402.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12402	Homan, Teresa	12402.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12402	Homan, Teresa	12402.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13013	Horne, Sandie	13013.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13013	Horne, Sandie	13013.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13013	Horne, Sandie	13013.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

13013	Horne, Sandie	13013.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13013	Horne, Sandie	13013.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12437	Houston, Mairin	12437.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12437	Houston, Mairin	12437.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12437	Houston, Mairin	12437.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12437	Houston, Mairin	12437.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12437	Houston, Mairin	12437.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12889	Howell, Michael	12889.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12889	Howell, Michael	12889.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12889	Howell, Michael	12889.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12889	Howell, Michael	12889.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12889	Howell, Michael	12889.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12989	Hudson, Faye	12989.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12989	Hudson, Faye	12989.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12989	Hudson, Faye	12989.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12989	Hudson, Faye	12989.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12989	Hudson, Faye	12989.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12769	Hudson, Martin	12769.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12769	Hudson, Martin	12769.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12769	Hudson, Martin	12769.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12769	Hudson, Martin	12769.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12769	Hudson, Martin	12769.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12559	Huebner, Shanti	12559.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12559	Huebner, Shanti	12559.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12559	Huebner, Shanti	12559.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12559	Huebner, Shanti	12559.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12559	Huebner, Shanti	12559.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12004	Hunt, Christopher John	12004.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12004	Hunt, Christopher John	12004.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12004	Hunt, Christopher John	12004.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12004	Hunt, Christopher John	12004.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12004	Hunt, Christopher John	12004.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13101	Hunt, Peter	13101.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13101	Hunt, Peter	13101.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13101	Hunt, Peter	13101.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13101	Hunt, Peter	13101.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13101	Hunt, Peter	13101.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13080	Hunter, Kathleen	13080.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13080	Hunter, Kathleen	13080.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13080	Hunter, Kathleen	13080.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13080	Hunter, Kathleen	13080.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13080	Hunter, Kathleen	13080.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12425	Hurford, Charles	12425.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12425	Hurford, Charles	12425.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12425	Hurford, Charles	12425.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12425	Hurford, Charles	12425.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12425	Hurford, Charles	12425.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12747	Hush, Iain	12747.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12747	Hush, Iain	12747.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12747	Hush, Iain	12747.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12747	Hush, Iain	12747.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12747	Hush, Iain	12747.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12791	Hustwick, Grace	12791.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12791	Hustwick, Grace	12791.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12791	Hustwick, Grace	12791.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12791	Hustwick, Grace	12791.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12791	Hustwick, Grace	12791.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12484	Hutchinson, Adrienne	12484.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12484	Hutchinson, Adrienne	12484.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12484	Hutchinson, Adrienne	12484.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12484	Hutchinson, Adrienne	12484.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12484	Hutchinson, Adrienne	12484.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12109	Hutchison, Andrew	12109.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12109	Hutchison, Andrew	12109.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12109	Hutchison, Andrew	12109.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12109	Hutchison, Andrew	12109.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12109	Hutchison, Andrew	12109.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12386	Ikeda, Shinichi	12386.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12386	Ikeda, Shinichi	12386.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12386	Ikeda, Shinichi	12386.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12386	Ikeda, Shinichi	12386.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12386	Ikeda, Shinichi	12386.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12641	Inglis, Joan	12641.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12641	Inglis, Joan	12641.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12641	Inglis, Joan	12641.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12641	Inglis, Joan	12641.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12641	Inglis, Joan	12641.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12039	Ioannou, Tavama	12039.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12039	Ioannou, Tavama	12039.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12039	Ioannou, Tavama	12039.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12039	Ioannou, Tavama	12039.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12039	Ioannou, Tavama	12039.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12705	Isaacs, Chris	12705.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12705	Isaacs, Chris	12705.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12705	Isaacs, Chris	12705.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12705	Isaacs, Chris	12705.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12705	Isaacs, Chris	12705.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12706	Isaacs, Chris	12706.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12706	Isaacs, Chris	12706.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12706	Isaacs, Chris	12706.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12706	Isaacs, Chris	12706.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12706	Isaacs, Chris	12706.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12250	Isaacs, June	12250.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12250	Isaacs, June	12250.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12250	Isaacs, June	12250.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12250	Isaacs, June	12250.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12250	Isaacs, June	12250.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12428	Ishii kiefer, Takako	12428.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12428	Ishii kiefer, Takako	12428.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12428	Ishii kiefer, Takako	12428.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12428	Ishii kiefer, Takako	12428.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12428	Ishii kiefer, Takako	12428.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12523	Ivermee, Paige	12523.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12064	Jackson, Peter	12064.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12064	Jackson, Peter	12064.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12064	Jackson, Peter	12064.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12064	Jackson, Peter	12064.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12516	Jacobs, Paddy	12516.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12516	Jacobs, Paddy	12516.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12516	Jacobs, Paddy	12516.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12516	Jacobs, Paddy	12516.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12516	Jacobs, Paddy	12516.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12026	Jacobsen, Geoff	12026.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12026	Jacobsen, Geoff	12026.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12026	Jacobsen, Geoff	12026.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12026	Jacobsen, Geoff	12026.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12026	Jacobsen, Geoff	12026.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12924	Jacques, Denise	12924.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12924	Jacques, Denise	12924.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12924	Jacques, Denise	12924.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12924	Jacques, Denise	12924.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12924	Jacques, Denise	12924.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12118	Jak, Gerard	12118.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12118	Jak, Gerard	12118.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12118	Jak, Gerard	12118.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12118	Jak, Gerard	12118.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12118	Jak, Gerard	12118.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12202	James, Jennifer	12202.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12202	James, Jennifer	12202.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12202	James, Jennifer	12202.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12202	James, Jennifer	12202.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12202	James, Jennifer	12202.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12220	Jamieson, Karen	12220.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12220	Jamieson, Karen	12220.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12220	Jamieson, Karen	12220.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12220	Jamieson, Karen	12220.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12220	Jamieson, Karen	12220.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12158	Jarni, Lidija	12158.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12158	Jarni, Lidija	12158.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12158	Jarni, Lidija	12158.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12158	Jarni, Lidija	12158.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12158	Jarni, Lidija	12158.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12785	Jefferson, Annie	12785.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12785	Jefferson, Annie	12785.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12785	Jefferson, Annie	12785.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12785	Jefferson, Annie	12785.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12785	Jefferson, Annie	12785.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12663	Jeffery, Graeme & Jane	12663.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12663	Jeffery, Graeme & Jane	12663.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12663	Jeffery, Graeme & Jane	12663.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12663	Jeffery, Graeme & Jane	12663.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12663	Jeffery, Graeme & Jane	12663.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12652	Jehan, Susan	12652.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12652	Jehan, Susan	12652.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12652	Jehan, Susan	12652.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12652	Jehan, Susan	12652.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12652	Jehan, Susan	12652.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12633	Jenks, Alan	12633.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12633	Jenks, Alan	12633.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12633	Jenks, Alan	12633.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12633	Jenks, Alan	12633.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12633	Jenks, Alan	12633.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12090	Jenő, Prokop	12090.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12090	Jenő, Prokop	12090.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12090	Jenő, Prokop	12090.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12090	Jenő, Prokop	12090.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12090	Jenő, Prokop	12090.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12091	Jenő, Prokop	12091.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12091	Jenő, Prokop	12091.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12091	Jenő, Prokop	12091.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12091	Jenő, Prokop	12091.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12091	Jenő, Prokop	12091.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12142	Jensen, Cathy	12142.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12142	Jensen, Cathy	12142.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12142	Jensen, Cathy	12142.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12142	Jensen, Cathy	12142.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12142	Jensen, Cathy	12142.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12625	Jensen, John	12625.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12625	Jensen, John	12625.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12625	Jensen, John	12625.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12625	Jensen, John	12625.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12625	Jensen, John	12625.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12443	Jensen, Kate	12443.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12443	Jensen, Kate	12443.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12443	Jensen, Kate	12443.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12443	Jensen, Kate	12443.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12443	Jensen, Kate	12443.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12970	Jeths, Karl	12970.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12970	Jeths, Karl	12970.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12970	Jeths, Karl	12970.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12970	Jeths, Karl	12970.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12970	Jeths, Karl	12970.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12618	Jeune, Margaret	12618.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12618	Jeune, Margaret	12618.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12618	Jeune, Margaret	12618.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12618	Jeune, Margaret	12618.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12891	Jezard, Portia	12891.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12891	Jezard, Portia	12891.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12891	Jezard, Portia	12891.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12891	Jezard, Portia	12891.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12891	Jezard, Portia	12891.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12333	Johanson, Erica	12333.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12333	Johanson, Erica	12333.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12333	Johanson, Erica	12333.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12333	Johanson, Erica	12333.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12333	Johanson, Erica	12333.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12445	Johansson, Anais	12445.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12445	Johansson, Anais	12445.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12445	Johansson, Anais	12445.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12445	Johansson, Anais	12445.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12445	Johansson, Anais	12445.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12923	John, Matthias	12923.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12923	John, Matthias	12923.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12923	John, Matthias	12923.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12923	John, Matthias	12923.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12923	John, Matthias	12923.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12757	Johnson, Cheryl	12757.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12757	Johnson, Cheryl	12757.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12757	Johnson, Cheryl	12757.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12757	Johnson, Cheryl	12757.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12757	Johnson, Cheryl	12757.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12757	Johnson, Cheryl	12757.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Oppose 3 Waters reforms
12876	Johnston, Beverley	12876.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12876	Johnston, Beverley	12876.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12876	Johnston, Beverley	12876.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12876	Johnston, Beverley	12876.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12876	Johnston, Beverley	12876.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13016	Johnston, Zoe	13016.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13016	Johnston, Zoe	13016.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13016	Johnston, Zoe	13016.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13016	Johnston, Zoe	13016.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13016	Johnston, Zoe	13016.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12181	Jones, Kirsty	12181.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12181	Jones, Kirsty	12181.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12181	Jones, Kirsty	12181.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12181	Jones, Kirsty	12181.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12181	Jones, Kirsty	12181.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12800	Jones, Miriam	12800.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12800	Jones, Miriam	12800.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12800	Jones, Miriam	12800.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12800	Jones, Miriam	12800.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12800	Jones, Miriam	12800.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12803	Jones, Miriam	12803.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12803	Jones, Miriam	12803.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12803	Jones, Miriam	12803.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12803	Jones, Miriam	12803.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12803	Jones, Miriam	12803.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12985	Jones, Petra	12985.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12985	Jones, Petra	12985.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12985	Jones, Petra	12985.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12985	Jones, Petra	12985.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12985	Jones, Petra	12985.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13026	Jones, Roberta	13026.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13026	Jones, Roberta	13026.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

13026	Jones, Roberta	13026.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13026	Jones, Roberta	13026.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13026	Jones, Roberta	13026.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12120	Jones, Robyn	12120.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12120	Jones, Robyn	12120.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12120	Jones, Robyn	12120.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12120	Jones, Robyn	12120.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12120	Jones, Robyn	12120.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12041	Jones, Warren	12041.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12041	Jones, Warren	12041.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12041	Jones, Warren	12041.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12041	Jones, Warren	12041.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12041	Jones, Warren	12041.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13041	Jowitt, Joseph	13041.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

13041	Jowitt, Joseph	13041.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13041	Jowitt, Joseph	13041.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13041	Jowitt, Joseph	13041.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13041	Jowitt, Joseph	13041.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12959	Józefowska, Dominika	12959.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12959	Józefowska, Dominika	12959.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12959	Józefowska, Dominika	12959.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12959	Józefowska, Dominika	12959.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12959	Józefowska, Dominika	12959.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12099	Jurgeleit, Alysha	12099.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12099	Jurgeleit, Alysha	12099.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12099	Jurgeleit, Alysha	12099.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12099	Jurgeleit, Alysha	12099.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12099	Jurgeleit, Alysha	12099.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12162	Jury, Aaron	12162.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12162	Jury, Aaron	12162.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12162	Jury, Aaron	12162.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12162	Jury, Aaron	12162.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12162	Jury, Aaron	12162.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12880	Käll, Martina	12880.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12880	Käll, Martina	12880.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12880	Käll, Martina	12880.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12880	Käll, Martina	12880.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12880	Käll, Martina	12880.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12489	Kamphuis, Sonja	12489.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12489	Kamphuis, Sonja	12489.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12489	Kamphuis, Sonja	12489.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12489	Kamphuis, Sonja	12489.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12489	Kamphuis, Sonja	12489.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12092	Kanaris, Dimitri	12092.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12092	Kanaris, Dimitri	12092.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12092	Kanaris, Dimitri	12092.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12092	Kanaris, Dimitri	12092.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12092	Kanaris, Dimitri	12092.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12244	Kane, Rory	12244.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12244	Kane, Rory	12244.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12244	Kane, Rory	12244.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12244	Kane, Rory	12244.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12244	Kane, Rory	12244.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12536	Kaos, Sylvie	12536.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12536	Kaos, Sylvie	12536.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12536	Kaos, Sylvie	12536.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12536	Kaos, Sylvie	12536.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12536	Kaos, Sylvie	12536.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12566	Kay, Thomas	12566.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12566	Kay, Thomas	12566.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12566	Kay, Thomas	12566.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12566	Kay, Thomas	12566.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12566	Kay, Thomas	12566.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12215	KAYES, Anne	12215.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12215	KAYES, Anne	12215.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12215	KAYES, Anne	12215.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12215	KAYES, Anne	12215.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12215	KAYES, Anne	12215.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12436	Keck, Fabian	12436.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12436	Keck, Fabian	12436.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12436	Keck, Fabian	12436.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12436	Keck, Fabian	12436.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12928	Lawrence, Hayley	12928.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12928	Lawrence, Hayley	12928.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12928	Lawrence, Hayley	12928.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12928	Lawrence, Hayley	12928.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12928	Lawrence, Hayley	12928.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12028	Lawson-te Aho, Keri	12028.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12028	Lawson-te Aho, Keri	12028.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12028	Lawson-te Aho, Keri	12028.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12028	Lawson-te Aho, Keri	12028.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12028	Lawson-te Aho, Keri	12028.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12977	Le Lievre, Maree	12977.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12977	Le Lievre, Maree	12977.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12977	Le Lievre, Maree	12977.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12977	Le Lievre, Maree	12977.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12977	Le Lievre, Maree	12977.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12261	Leadbeater, Maire	12261.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12261	Leadbeater, Maire	12261.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12261	Leadbeater, Maire	12261.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12261	Leadbeater, Maire	12261.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12261	Leadbeater, Maire	12261.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12571	Lee, Shaun	12571.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12571	Lee, Shaun	12571.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12571	Lee, Shaun	12571.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12571	Lee, Shaun	12571.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12571	Lee, Shaun	12571.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12789	Lee, Wai ming	12789.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12789	Lee, Wai ming	12789.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12789	Lee, Wai ming	12789.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12789	Lee, Wai ming	12789.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12789	Lee, Wai ming	12789.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12942	Leggott, Julianne	12942.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12942	Leggott, Julianne	12942.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12942	Leggott, Julianne	12942.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12942	Leggott, Julianne	12942.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12942	Leggott, Julianne	12942.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12887	Lennox, Heather	12887.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12887	Lennox, Heather	12887.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12887	Lennox, Heather	12887.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12887	Lennox, Heather	12887.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12887	Lennox, Heather	12887.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12221	Leonard, Taryn	12221.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12221	Leonard, Taryn	12221.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12221	Leonard, Taryn	12221.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12221	Leonard, Taryn	12221.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12221	Leonard, Taryn	12221.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12223	Leonard, Taryn	12223.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12223	Leonard, Taryn	12223.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12223	Leonard, Taryn	12223.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12223	Leonard, Taryn	12223.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12223	Leonard, Taryn	12223.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12603	Lepper, Joe	12603.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12603	Lepper, Joe	12603.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12603	Lepper, Joe	12603.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12603	Lepper, Joe	12603.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12603	Lepper, Joe	12603.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12603	Lepper, Joe	12603.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Constrain issue of consents that reduce quantity of water in waterways
12353	Levitt, Lacey	12353.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12353	Levitt, Lacey	12353.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12353	Levitt, Lacey	12353.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12353	Levitt, Lacey	12353.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of

						Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12353	Levitt, Lacey	12353.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12302	Lewin, Peter	12302.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12302	Lewin, Peter	12302.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12302	Lewin, Peter	12302.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12302	Lewin, Peter	12302.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12302	Lewin, Peter	12302.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12786	Li, Jordan	12786.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12786	Li, Jordan	12786.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12786	Li, Jordan	12786.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12786	Li, Jordan	12786.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12786	Li, Jordan	12786.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12762	Lieskounig, Elena	12762.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12762	Lieskounig, Elena	12762.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12762	Lieskounig, Elena	12762.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12762	Lieskounig, Elena	12762.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12762	Lieskounig, Elena	12762.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12941	Lightbody, Sarah	12941.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12941	Lightbody, Sarah	12941.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12941	Lightbody, Sarah	12941.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12941	Lightbody, Sarah	12941.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12941	Lightbody, Sarah	12941.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12380	Lilly, Marilyn	12380.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12380	Lilly, Marilyn	12380.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12380	Lilly, Marilyn	12380.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12380	Lilly, Marilyn	12380.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12380	Lilly, Marilyn	12380.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12677	Limburg, Antonius	12677.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12677	Limburg, Antonius	12677.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12677	Limburg, Antonius	12677.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12677	Limburg, Antonius	12677.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12677	Limburg, Antonius	12677.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12998	Lindsay, Joshua	12998.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12998	Lindsay, Joshua	12998.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12998	Lindsay, Joshua	12998.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12998	Lindsay, Joshua	12998.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12998	Lindsay, Joshua	12998.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12164	Lironi-irvine, Nick	12164.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12164	Lironi-irvine, Nick	12164.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12164	Lironi-irvine, Nick	12164.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12164	Lironi-irvine, Nick	12164.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12164	Lironi-irvine, Nick	12164.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12205	Little, Ari	12205.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12205	Little, Ari	12205.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12205	Little, Ari	12205.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12205	Little, Ari	12205.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12205	Little, Ari	12205.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13098	Livesey, Chris	13098.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13098	Livesey, Chris	13098.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13098	Livesey, Chris	13098.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13098	Livesey, Chris	13098.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13098	Livesey, Chris	13098.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12804	Lloyd, Jennifer	12804.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12804	Lloyd, Jennifer	12804.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12804	Lloyd, Jennifer	12804.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12804	Lloyd, Jennifer	12804.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12804	Lloyd, Jennifer	12804.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

13019	Lloyd, Owen	13019.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13019	Lloyd, Owen	13019.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13019	Lloyd, Owen	13019.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13019	Lloyd, Owen	13019.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13019	Lloyd, Owen	13019.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13099	Lloyd, Teg	13099.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13099	Lloyd, Teg	13099.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13099	Lloyd, Teg	13099.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13099	Lloyd, Teg	13099.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13099	Lloyd, Teg	13099.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12531	Loew-black, Deborah	12531.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12531	Loew-black, Deborah	12531.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12531	Loew-black, Deborah	12531.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12531	Loew-black, Deborah	12531.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12531	Loew-black, Deborah	12531.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13040	Logan, David	13040.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13040	Logan, David	13040.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13040	Logan, David	13040.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13040	Logan, David	13040.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13040	Logan, David	13040.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12748	Logue, Karen	12748.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12748	Logue, Karen	12748.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12748	Logue, Karen	12748.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12748	Logue, Karen	12748.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12748	Logue, Karen	12748.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12849	Lomas, Delphine	12849.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12849	Lomas, Delphine	12849.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12849	Lomas, Delphine	12849.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12849	Lomas, Delphine	12849.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12849	Lomas, Delphine	12849.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12332	Long, Jennifer	12332.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12332	Long, Jennifer	12332.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12332	Long, Jennifer	12332.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12332	Long, Jennifer	12332.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12332	Long, Jennifer	12332.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12569	Longley, Dharan	12569.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12569	Longley, Dharan	12569.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12569	Longley, Dharan	12569.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12569	Longley, Dharan	12569.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12569	Longley, Dharan	12569.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12364	Lopez, Marcela	12364.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12364	Lopez, Marcela	12364.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12364	Lopez, Marcela	12364.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12364	Lopez, Marcela	12364.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12364	Lopez, Marcela	12364.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12899	Loubel, Natalie	12899.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12899	Loubel, Natalie	12899.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12899	Loubel, Natalie	12899.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12899	Loubel, Natalie	12899.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12899	Loubel, Natalie	12899.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12227	Low, Regan	12227.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12227	Low, Regan	12227.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12227	Low, Regan	12227.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12227	Low, Regan	12227.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12227	Low, Regan	12227.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12209	Lowe, Reuben	12209.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12209	Lowe, Reuben	12209.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12209	Lowe, Reuben	12209.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12209	Lowe, Reuben	12209.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12209	Lowe, Reuben	12209.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12862	Lubbe, Liz	12862.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12862	Lubbe, Liz	12862.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12862	Lubbe, Liz	12862.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12862	Lubbe, Liz	12862.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12862	Lubbe, Liz	12862.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12274	Lupovici, Jutka	12274.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12274	Lupovici, Jutka	12274.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12274	Lupovici, Jutka	12274.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12274	Lupovici, Jutka	12274.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12274	Lupovici, Jutka	12274.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12802	Luxton, Lianne	12802.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12802	Luxton, Lianne	12802.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12802	Luxton, Lianne	12802.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12802	Luxton, Lianne	12802.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12802	Luxton, Lianne	12802.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12548	Lysaght, Jo	12548.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12548	Lysaght, Jo	12548.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12548	Lysaght, Jo	12548.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12548	Lysaght, Jo	12548.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12548	Lysaght, Jo	12548.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12481	Mackereth, Wendy	12481.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12481	Mackereth, Wendy	12481.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12481	Mackereth, Wendy	12481.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12481	Mackereth, Wendy	12481.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12481	Mackereth, Wendy	12481.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12756	Mackinnon, Helen	12756.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12756	Mackinnon, Helen	12756.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12756	Mackinnon, Helen	12756.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12756	Mackinnon, Helen	12756.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12756	Mackinnon, Helen	12756.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12837	MacLean, Maya	12837.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12837	MacLean, Maya	12837.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12837	MacLean, Maya	12837.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12837	MacLean, Maya	12837.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12837	MacLean, Maya	12837.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12999	Maginness, William	12999.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12999	Maginness, William	12999.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12999	Maginness, William	12999.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12999	Maginness, William	12999.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12999	Maginness, William	12999.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13004	Mahrta, Doris	13004.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13004	Mahrta, Doris	13004.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13004	Mahrta, Doris	13004.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13004	Mahrta, Doris	13004.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13004	Mahrta, Doris	13004.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12170	Maise, Ginette	12170.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12170	Maise, Ginette	12170.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12170	Maise, Ginette	12170.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12170	Maise, Ginette	12170.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12170	Maise, Ginette	12170.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12045	Makinson, Eryn	12045.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12045	Makinson, Eryn	12045.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12045	Makinson, Eryn	12045.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12045	Makinson, Eryn	12045.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12045	Makinson, Eryn	12045.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13104	Manning, David	13104.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13104	Manning, David	13104.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13104	Manning, David	13104.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13104	Manning, David	13104.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13104	Manning, David	13104.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12027	Marsden, Steve	12027.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12027	Marsden, Steve	12027.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12027	Marsden, Steve	12027.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12027	Marsden, Steve	12027.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12027	Marsden, Steve	12027.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13105	Marshall, Thérèse	13105.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

13105	Marshall, Thérèse	13105.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13105	Marshall, Thérèse	13105.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13105	Marshall, Thérèse	13105.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13105	Marshall, Thérèse	13105.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12767	Martin, Jessica	12767.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12767	Martin, Jessica	12767.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12767	Martin, Jessica	12767.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12767	Martin, Jessica	12767.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12767	Martin, Jessica	12767.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12570	Martin, Shane	12570.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12570	Martin, Shane	12570.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12570	Martin, Shane	12570.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12570	Martin, Shane	12570.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12570	Martin, Shane	12570.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12179	Martin, Tania	12179.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12179	Martin, Tania	12179.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12179	Martin, Tania	12179.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12179	Martin, Tania	12179.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12179	Martin, Tania	12179.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12953	Martins, Soraia	12953.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12953	Martins, Soraia	12953.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12953	Martins, Soraia	12953.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12953	Martins, Soraia	12953.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12953	Martins, Soraia	12953.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12290	Marton-Fröschl, Natasa	12290.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12290	Marton-Fröschl, Natasa	12290.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12290	Marton-Fröschl, Natasa	12290.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12290	Marton-Fröschl, Natasa	12290.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12290	Marton-Fröschl, Natasa	12290.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12930	Mason, Koha	12930.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12930	Mason, Koha	12930.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12930	Mason, Koha	12930.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12930	Mason, Koha	12930.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12930	Mason, Koha	12930.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12930	Mason, Koha	12930.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Reduce allocation of water for dairy farming, such as not allowing irrigation during the day, especially hot sunny days
12930	Mason, Koha	12930.007	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Be stricter with respect to runoff of chemical waste from dairy farms into rivers
12930	Mason, Koha	12930.008	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Assist dairy farmers to transition to plant-based farming
12423	Mata, Claudia	12423.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12423	Mata, Claudia	12423.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12423	Mata, Claudia	12423.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12423	Mata, Claudia	12423.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12423	Mata, Claudia	12423.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12783	Matata, Karen	12783.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12783	Matata, Karen	12783.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12783	Matata, Karen	12783.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12783	Matata, Karen	12783.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12783	Matata, Karen	12783.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12775	Matete, Matilda	12775.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12775	Matete, Matilda	12775.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12775	Matete, Matilda	12775.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12775	Matete, Matilda	12775.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12775	Matete, Matilda	12775.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12018	Mathiae, Anemone	12018.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12018	Mathiae, Anemone	12018.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12018	Mathiae, Anemone	12018.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12018	Mathiae, Anemone	12018.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12018	Mathiae, Anemone	12018.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12242	Matsuo, Takae	12242.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12242	Matsuo, Takae	12242.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12242	Matsuo, Takae	12242.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12242	Matsuo, Takae	12242.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12242	Matsuo, Takae	12242.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12200	Matthews, Kyle	12200.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12200	Matthews, Kyle	12200.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12200	Matthews, Kyle	12200.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12200	Matthews, Kyle	12200.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12200	Matthews, Kyle	12200.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12450	Maxwell, Felicity	12450.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12450	Maxwell, Felicity	12450.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12450	Maxwell, Felicity	12450.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12450	Maxwell, Felicity	12450.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12450	Maxwell, Felicity	12450.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12419	Maynard, Claudine	12419.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12419	Maynard, Claudine	12419.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12419	Maynard, Claudine	12419.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12419	Maynard, Claudine	12419.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12419	Maynard, Claudine	12419.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12918	Mazourková, Tereza	12918.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12918	Mazourková, Tereza	12918.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12918	Mazourková, Tereza	12918.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12918	Mazourková, Tereza	12918.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12918	Mazourková, Tereza	12918.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12659	McAven, Kerena	12659.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12659	McAven, Kerena	12659.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12659	McAven, Kerena	12659.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12659	McAven, Kerena	12659.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12659	McAven, Kerena	12659.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12955	Mccahill, Elizabeth Helena	12955.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12955	Mccahill, Elizabeth Helena	12955.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12955	Mccahill, Elizabeth Helena	12955.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12955	Mccahill, Elizabeth Helena	12955.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12955	Mccahill, Elizabeth Helena	12955.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12514	Mccann, Debz	12514.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12514	Mccann, Debz	12514.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12514	Mccann, Debz	12514.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12514	Mccann, Debz	12514.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12514	Mccann, Debz	12514.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12159	McCardle, Meron	12159.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12159	McCardle, Meron	12159.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12159	McCardle, Meron	12159.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12159	McCardle, Meron	12159.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12159	McCardle, Meron	12159.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12555	McCarthy, Paulina	12555.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12555	McCarthy, Paulina	12555.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12555	McCarthy, Paulina	12555.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12555	McCarthy, Paulina	12555.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12555	McCarthy, Paulina	12555.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12996	McClure, Sue	12996.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12996	McClure, Sue	12996.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12996	McClure, Sue	12996.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12996	McClure, Sue	12996.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12996	McClure, Sue	12996.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12203	Mcconnochie, Jordan	12203.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12203	Mcconnochie, Jordan	12203.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12203	Mcconnochie, Jordan	12203.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12203	Mconnochie, Jordan	12203.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12203	Mconnochie, Jordan	12203.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12681	Mconnochie, Nigel	12681.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12681	Mconnochie, Nigel	12681.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12681	Mconnochie, Nigel	12681.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12681	Mconnochie, Nigel	12681.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12681	Mconnochie, Nigel	12681.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12682	Mconnochie, Nigel	12682.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12682	Mconnochie, Nigel	12682.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12682	Mconnochie, Nigel	12682.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12682	Mconnochie, Nigel	12682.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12682	Mconnochie, Nigel	12682.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12913	Mccoy, Emma	12913.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12913	Mccoy, Emma	12913.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12913	Mccoy, Emma	12913.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12913	Mccoy, Emma	12913.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12913	Mccoy, Emma	12913.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12037	Mccrone, Gordon	12037.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12037	Mccrone, Gordon	12037.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12037	Mccrone, Gordon	12037.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12037	Mccrone, Gordon	12037.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12037	Mccrone, Gordon	12037.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12296	Mccullough, Boofi	12296.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12296	Mccullough, Boofi	12296.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12296	Mccullough, Boofi	12296.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12296	Mccullough, Boofi	12296.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12296	Mccullough, Boofi	12296.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12296	Mccullough, Boofi	12296.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Increase focus on water quantity as well as quality.

12630	Mcdonald, Ben	12630.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12630	Mcdonald, Ben	12630.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12630	Mcdonald, Ben	12630.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12630	Mcdonald, Ben	12630.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12630	Mcdonald, Ben	12630.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12872	Mcdonald, Mary	12872.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12872	Mcdonald, Mary	12872.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12872	Mcdonald, Mary	12872.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12872	Mcdonald, Mary	12872.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12872	Mcdonald, Mary	12872.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12671	Mcdonald, Tania	12671.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12671	Mcdonald, Tania	12671.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12671	Mcdonald, Tania	12671.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12671	Mcdonald, Tania	12671.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12671	Mcdonald, Tania	12671.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12799	McDouall, Molly	12799.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12799	McDouall, Molly	12799.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12799	McDouall, Molly	12799.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12799	McDouall, Molly	12799.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12799	McDouall, Molly	12799.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12266	McDougall, Em	12266.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12266	McDougall, Em	12266.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12266	McDougall, Em	12266.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12266	McDougall, Em	12266.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12266	McDougall, Em	12266.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12132	McElwee, Christine	12132.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12132	McElwee, Christine	12132.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12132	McElwee, Christine	12132.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12132	McElwee, Christine	12132.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12132	McElwee, Christine	12132.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12137	McElwee, Christine	12137.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12137	McElwee, Christine	12137.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12137	McElwee, Christine	12137.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12137	McElwee, Christine	12137.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12137	McElwee, Christine	12137.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12143	McElwee, Christine	12143.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12143	McElwee, Christine	12143.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12143	McElwee, Christine	12143.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12143	McElwee, Christine	12143.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12143	McElwee, Christine	12143.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12084	McFetrish, Chris	12084.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12084	McFetrish, Chris	12084.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12084	McFetrish, Chris	12084.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12084	McFetrish, Chris	12084.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12084	McFetrish, Chris	12084.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13102	McGill, Anne-Thea	13102.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13102	McGill, Anne-Thea	13102.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13102	McGill, Anne-Thea	13102.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13102	McGill, Anne-Thea	13102.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13102	McGill, Anne-Thea	13102.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12643	Mckinnon, Jean	12643.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12643	Mckinnon, Jean	12643.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12643	Mckinnon, Jean	12643.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12643	Mckinnon, Jean	12643.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12643	Mckinnon, Jean	12643.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12471	McLagan, Helen	12471.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12471	McLagan, Helen	12471.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing

						out synthetic nitrogen fertiliser and lowering cow stocking rates.
12471	McLagan, Helen	12471.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12471	McLagan, Helen	12471.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12471	McLagan, Helen	12471.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13032	McLisky, Warwick	13032.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13032	McLisky, Warwick	13032.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13032	McLisky, Warwick	13032.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13032	McLisky, Warwick	13032.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13032	McLisky, Warwick	13032.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12105	Mcmahon, Karen	12105.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12105	Mcmahon, Karen	12105.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12105	Mcmahon, Karen	12105.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12105	Mcmahon, Karen	12105.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12105	Mcmahon, Karen	12105.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12877	McNair, Linda	12877.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12877	McNair, Linda	12877.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12877	McNair, Linda	12877.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12877	McNair, Linda	12877.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12877	McNair, Linda	12877.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12871	McVeigh, Brigid	12871.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12871	McVeigh, Brigid	12871.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12871	McVeigh, Brigid	12871.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12871	McVeigh, Brigid	12871.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12871	McVeigh, Brigid	12871.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12954	Meier, Hilda	12954.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12954	Meier, Hilda	12954.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12954	Meier, Hilda	12954.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12954	Meier, Hilda	12954.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12954	Meier, Hilda	12954.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12954	Meier, Hilda	12954.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Stop use of 1080 Poison
12954	Meier, Hilda	12954.007	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Require all existing Settlements to be reticulated

12080	Meier, Shirley	12080.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12080	Meier, Shirley	12080.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12080	Meier, Shirley	12080.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12080	Meier, Shirley	12080.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12080	Meier, Shirley	12080.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12448	Meil, Silvia	12448.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12448	Meil, Silvia	12448.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12448	Meil, Silvia	12448.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12448	Meil, Silvia	12448.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12448	Meil, Silvia	12448.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12172	Meissner, Miriam	12172.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12172	Meissner, Miriam	12172.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12172	Meissner, Miriam	12172.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12172	Meissner, Miriam	12172.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12172	Meissner, Miriam	12172.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13078	Memea, Vaima'a	13078.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13078	Memea, Vaima'a	13078.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13078	Memea, Vaima'a	13078.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13078	Memea, Vaima'a	13078.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13078	Memea, Vaima'a	13078.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12003	Menendez, Jourdana	12003.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12003	Menendez, Jourdana	12003.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12003	Menendez, Jourdana	12003.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12003	Menendez, Jourdana	12003.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12003	Menendez, Jourdana	12003.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12947	Menjak, Vito	12947.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12947	Menjak, Vito	12947.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12947	Menjak, Vito	12947.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12947	Menjak, Vito	12947.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12947	Menjak, Vito	12947.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12411	Menzies, Scott	12411.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12411	Menzies, Scott	12411.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12411	Menzies, Scott	12411.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12411	Menzies, Scott	12411.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12411	Menzies, Scott	12411.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13047	Merrill, Bill	13047.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13047	Merrill, Bill	13047.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13047	Merrill, Bill	13047.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13047	Merrill, Bill	13047.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13047	Merrill, Bill	13047.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12258	Metcalf, John	12258.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12258	Metcalf, John	12258.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12258	Metcalf, John	12258.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12258	Metcalf, John	12258.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12258	Metcalf, John	12258.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12329	Metzinger, Noemie	12329.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12329	Metzinger, Noemie	12329.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12329	Metzinger, Noemie	12329.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12329	Metzinger, Noemie	12329.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12329	Metzinger, Noemie	12329.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12005	Meyer, Colonel	12005.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12005	Meyer, Colonel	12005.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12005	Meyer, Colonel	12005.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12005	Meyer, Colonel	12005.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12005	Meyer, Colonel	12005.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12151	Meyer, Erna	12151.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12151	Meyer, Erna	12151.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12151	Meyer, Erna	12151.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12151	Meyer, Erna	12151.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12151	Meyer, Erna	12151.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13027	Meyst, Sandra	13027.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13027	Meyst, Sandra	13027.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13027	Meyst, Sandra	13027.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13027	Meyst, Sandra	13027.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13027	Meyst, Sandra	13027.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12078	Middleton, Richard	12078.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12078	Middleton, Richard	12078.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12078	Middleton, Richard	12078.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12078	Middleton, Richard	12078.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12078	Middleton, Richard	12078.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12613	Mikaera, Tracey	12613.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12613	Mikaera, Tracey	12613.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12613	Mikaera, Tracey	12613.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12613	Mikaera, Tracey	12613.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12613	Mikaera, Tracey	12613.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12482	Mila, Panthea	12482.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12482	Mila, Panthea	12482.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12482	Mila, Panthea	12482.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12482	Mila, Panthea	12482.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12482	Mila, Panthea	12482.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13044	Millar, Lara	13044.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13044	Millar, Lara	13044.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13044	Millar, Lara	13044.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13044	Millar, Lara	13044.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

13044	Millar, Lara	13044.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12822	Millar, Ray	12822.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12822	Millar, Ray	12822.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12822	Millar, Ray	12822.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12822	Millar, Ray	12822.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12822	Millar, Ray	12822.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12491	Miller, Bryony	12491.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12491	Miller, Bryony	12491.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12491	Miller, Bryony	12491.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12491	Miller, Bryony	12491.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12491	Miller, Bryony	12491.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12511	Miller, Janet	12511.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12511	Miller, Janet	12511.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12511	Miller, Janet	12511.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12511	Miller, Janet	12511.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12511	Miller, Janet	12511.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12410	Miller, Pamela	12410.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12410	Miller, Pamela	12410.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12410	Miller, Pamela	12410.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12410	Miller, Pamela	12410.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12410	Miller, Pamela	12410.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12816	Miller, Waka	12816.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12816	Miller, Waka	12816.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12816	Miller, Waka	12816.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12816	Miller, Waka	12816.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12816	Miller, Waka	12816.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12496	Milliken, Pamela	12496.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12496	Milliken, Pamela	12496.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12496	Milliken, Pamela	12496.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12496	Milliken, Pamela	12496.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12496	Milliken, Pamela	12496.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12551	Mills, Nick	12551.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12551	Mills, Nick	12551.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12551	Mills, Nick	12551.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12551	Mills, Nick	12551.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12551	Mills, Nick	12551.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12103	Mills, Phillip	12103.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12103	Mills, Phillip	12103.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12103	Mills, Phillip	12103.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12103	Mills, Phillip	12103.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12103	Mills, Phillip	12103.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12934	Mills, Sue	12934.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12934	Mills, Sue	12934.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12934	Mills, Sue	12934.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12934	Mills, Sue	12934.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12934	Mills, Sue	12934.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12022	Milne, Ian	12022.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12022	Milne, Ian	12022.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12022	Milne, Ian	12022.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12022	Milne, Ian	12022.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12022	Milne, Ian	12022.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12293	Milne, June	12293.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12293	Milne, June	12293.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12293	Milne, June	12293.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12293	Milne, June	12293.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12293	Milne, June	12293.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12801	Minchin-garvin, Penny	12801.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12801	Minchin-garvin, Penny	12801.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12801	Minchin-garvin, Penny	12801.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12801	Minchin-garvin, Penny	12801.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12801	Minchin-garvin, Penny	12801.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12761	Minondo, Johanna	12761.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12761	Minondo, Johanna	12761.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12761	Minondo, Johanna	12761.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12761	Minondo, Johanna	12761.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12761	Minondo, Johanna	12761.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12348	Mireault, Kathleen	12348.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12348	Mireault, Kathleen	12348.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12348	Mireault, Kathleen	12348.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12348	Mireault, Kathleen	12348.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12348	Mireault, Kathleen	12348.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12829	Mirkovic, Dragana	12829.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12829	Mirkovic, Dragana	12829.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12829	Mirkovic, Dragana	12829.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12829	Mirkovic, Dragana	12829.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12829	Mirkovic, Dragana	12829.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12967	Mitchell, Dave	12967.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12967	Mitchell, Dave	12967.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12967	Mitchell, Dave	12967.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12967	Mitchell, Dave	12967.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12967	Mitchell, Dave	12967.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12020	Mitchell, Melissa	12020.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12020	Mitchell, Melissa	12020.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12020	Mitchell, Melissa	12020.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12020	Mitchell, Melissa	12020.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12020	Mitchell, Melissa	12020.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12502	Mittermuller, Peter	12502.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12502	Mittermuller, Peter	12502.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12502	Mittermuller, Peter	12502.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12502	Mittermuller, Peter	12502.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12502	Mittermuller, Peter	12502.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12280	Modjeski, Jan	12280.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12280	Modjeski, Jan	12280.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12280	Modjeski, Jan	12280.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12280	Modjeski, Jan	12280.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12280	Modjeski, Jan	12280.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12628	Moffat, Fiona	12628.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12628	Moffat, Fiona	12628.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12628	Moffat, Fiona	12628.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12628	Moffat, Fiona	12628.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12628	Moffat, Fiona	12628.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12066	Mohammed, Rishtiaz	12066.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12066	Mohammed, Rishtiaz	12066.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12066	Mohammed, Rishtiaz	12066.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12066	Mohammed, Rishtiaz	12066.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12066	Mohammed, Rishtiaz	12066.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12975	Mohammed-Kapa, Tajim	12975.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12975	Mohammed-Kapa, Tajim	12975.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12975	Mohammed-Kapa, Tajim	12975.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12975	Mohammed-Kapa, Tajim	12975.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12975	Mohammed-Kapa, Tajim	12975.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12838	Mohns, Phoebe	12838.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12838	Mohns, Phoebe	12838.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12838	Mohns, Phoebe	12838.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12838	Mohns, Phoebe	12838.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12838	Mohns, Phoebe	12838.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12288	Moir, Alison	12288.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12288	Moir, Alison	12288.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12288	Moir, Alison	12288.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12288	Moir, Alison	12288.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12288	Moir, Alison	12288.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12604	Montes de oca, Gala	12604.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12604	Montes de oca, Gala	12604.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12604	Montes de oca, Gala	12604.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12604	Montes de oca, Gala	12604.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12604	Montes de oca, Gala	12604.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12721	Montgomery, Linda	12721.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12721	Montgomery, Linda	12721.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12721	Montgomery, Linda	12721.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12721	Montgomery, Linda	12721.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12721	Montgomery, Linda	12721.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12342	Montgomery, Matthew	12342.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12342	Montgomery, Matthew	12342.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12342	Montgomery, Matthew	12342.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12342	Montgomery, Matthew	12342.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12342	Montgomery, Matthew	12342.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12738	Mooney, Maureen	12738.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12738	Mooney, Maureen	12738.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12738	Mooney, Maureen	12738.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12738	Mooney, Maureen	12738.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12738	Mooney, Maureen	12738.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12483	Moore, Brian	12483.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12483	Moore, Brian	12483.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12483	Moore, Brian	12483.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12483	Moore, Brian	12483.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12483	Moore, Brian	12483.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12229	Moore, Helen	12229.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12229	Moore, Helen	12229.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12229	Moore, Helen	12229.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12229	Moore, Helen	12229.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12229	Moore, Helen	12229.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12171	Moore, Rachael	12171.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12171	Moore, Rachael	12171.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12171	Moore, Rachael	12171.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12171	Moore, Rachael	12171.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12171	Moore, Rachael	12171.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12241	Morani, Giuliana	12241.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12241	Morani, Giuliana	12241.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12241	Morani, Giuliana	12241.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12241	Morani, Giuliana	12241.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12241	Morani, Giuliana	12241.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12075	Morgan, Danna	12075.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12075	Morgan, Danna	12075.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12075	Morgan, Danna	12075.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12075	Morgan, Danna	12075.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12075	Morgan, Danna	12075.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12456	Morris, Gabby	12456.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12456	Morris, Gabby	12456.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12456	Morris, Gabby	12456.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12456	Morris, Gabby	12456.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12456	Morris, Gabby	12456.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12673	Morrison, Chris	12673.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12673	Morrison, Chris	12673.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12673	Morrison, Chris	12673.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12673	Morrison, Chris	12673.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12673	Morrison, Chris	12673.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12370	Morrow, Neil	12370.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12370	Morrow, Neil	12370.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12370	Morrow, Neil	12370.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12370	Morrow, Neil	12370.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12370	Morrow, Neil	12370.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12737	Morton, Diana	12737.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12737	Morton, Diana	12737.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12737	Morton, Diana	12737.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12737	Morton, Diana	12737.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12737	Morton, Diana	12737.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12965	Mosiman, Maya	12965.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12965	Mosiman, Maya	12965.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12965	Mosiman, Maya	12965.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12965	Mosiman, Maya	12965.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12965	Mosiman, Maya	12965.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12753	Moss, Laurence	12753.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12753	Moss, Laurence	12753.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12753	Moss, Laurence	12753.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12753	Moss, Laurence	12753.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12753	Moss, Laurence	12753.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

13091	Mountfort, Lyndsay	13091.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13091	Mountfort, Lyndsay	13091.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13091	Mountfort, Lyndsay	13091.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13091	Mountfort, Lyndsay	13091.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13091	Mountfort, Lyndsay	13091.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12042	Mouveaux, Frã@dã@ric	12042.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12042	Mouveaux, Frã@dã@ric	12042.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12042	Mouveaux, Frã@dã@ric	12042.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12042	Mouveaux, Frã@dã@ric	12042.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12042	Mouveaux, Frã@dã@ric	12042.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12291	Mulcare, James	12291.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12291	Mulcare, James	12291.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12291	Mulcare, James	12291.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12291	Mulcare, James	12291.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12291	Mulcare, James	12291.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12577	Mullane, Sian	12577.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12577	Mullane, Sian	12577.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12577	Mullane, Sian	12577.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12577	Mullane, Sian	12577.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12577	Mullane, Sian	12577.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12102	Mullen, Edna	12102.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12102	Mullen, Edna	12102.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12102	Mullen, Edna	12102.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12102	Mullen, Edna	12102.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12102	Mullen, Edna	12102.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12233	Mullen, Timothy	12233.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12233	Mullen, Timothy	12233.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12233	Mullen, Timothy	12233.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12233	Mullen, Timothy	12233.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12233	Mullen, Timothy	12233.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12073	Muller, Dorothea	12073.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12073	Muller, Dorothea	12073.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12073	Muller, Dorothea	12073.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12073	Muller, Dorothea	12073.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12073	Muller, Dorothea	12073.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12365	Muller, Rosita	12365.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12365	Muller, Rosita	12365.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12365	Muller, Rosita	12365.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12365	Muller, Rosita	12365.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12365	Muller, Rosita	12365.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12814	Mummery, Donna	12814.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12814	Mummery, Donna	12814.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12814	Mummery, Donna	12814.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12814	Mummery, Donna	12814.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12814	Mummery, Donna	12814.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12777	Munoz, Isidora	12777.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12777	Munoz, Isidora	12777.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12777	Munoz, Isidora	12777.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12777	Munoz, Isidora	12777.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12777	Munoz, Isidora	12777.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12232	Murchison, Patrica	12232.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12232	Murchison, Patrica	12232.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12232	Murchison, Patrica	12232.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12232	Murchison, Patrica	12232.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12232	Murchison, Patrica	12232.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12980	Murphy, Beryl	12980.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12980	Murphy, Beryl	12980.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12980	Murphy, Beryl	12980.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12980	Murphy, Beryl	12980.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12980	Murphy, Beryl	12980.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12393	Nalder, Kelly	12393.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12393	Nalder, Kelly	12393.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12393	Nalder, Kelly	12393.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12393	Nalder, Kelly	12393.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12393	Nalder, Kelly	12393.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13108	Nasrallah, Nathalie	13108.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13108	Nasrallah, Nathalie	13108.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13108	Nasrallah, Nathalie	13108.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13108	Nasrallah, Nathalie	13108.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13108	Nasrallah, Nathalie	13108.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

13109	Nasrallah, Nathalie	13109.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13109	Nasrallah, Nathalie	13109.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13109	Nasrallah, Nathalie	13109.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13109	Nasrallah, Nathalie	13109.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13109	Nasrallah, Nathalie	13109.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12921	Nathen, Kumar	12921.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12921	Nathen, Kumar	12921.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12921	Nathen, Kumar	12921.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12921	Nathen, Kumar	12921.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12921	Nathen, Kumar	12921.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12379	Neale, Kelly	12379.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12379	Neale, Kelly	12379.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12379	Neale, Kelly	12379.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12379	Neale, Kelly	12379.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12379	Neale, Kelly	12379.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12184	Neill, Fiona	12184.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12184	Neill, Fiona	12184.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12184	Neill, Fiona	12184.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12184	Neill, Fiona	12184.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12184	Neill, Fiona	12184.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12716	Neill, Michael	12716.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12716	Neill, Michael	12716.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12716	Neill, Michael	12716.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12716	Neill, Michael	12716.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12716	Neill, Michael	12716.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12407	Neste, George	12407.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12407	Neste, George	12407.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12407	Neste, George	12407.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12407	Neste, George	12407.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12407	Neste, George	12407.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12403	Neste, Lisa	12403.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12403	Neste, Lisa	12403.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12403	Neste, Lisa	12403.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12403	Neste, Lisa	12403.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12403	Neste, Lisa	12403.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12788	Newman, Claire	12788.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12788	Newman, Claire	12788.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12788	Newman, Claire	12788.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12788	Newman, Claire	12788.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12788	Newman, Claire	12788.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12788	Newman, Clare	12788.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: ORC take greater leadership role in partnership approach to improving water quality.
12900	Newman, Shirley	12900.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12900	Newman, Shirley	12900.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing

						out synthetic nitrogen fertiliser and lowering cow stocking rates.
12900	Newman, Shirley	12900.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12900	Newman, Shirley	12900.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12900	Newman, Shirley	12900.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12076	Ng, Roland	12076.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12076	Ng, Roland	12076.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12076	Ng, Roland	12076.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12076	Ng, Roland	12076.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12076	Ng, Roland	12076.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12679	Ngaheke, Visary	12679.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12679	Ngaheke, Visary	12679.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12679	Ngaheke, Visary	12679.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12679	Ngaheke, Visary	12679.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12679	Ngaheke, Visary	12679.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12524	Nichols, Liz	12524.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12524	Nichols, Liz	12524.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12524	Nichols, Liz	12524.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12524	Nichols, Liz	12524.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12524	Nichols, Liz	12524.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12525	Nichols, Liz	12525.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12525	Nichols, Liz	12525.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12525	Nichols, Liz	12525.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12525	Nichols, Liz	12525.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12525	Nichols, Liz	12525.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12192	Nicholson, Grant	12192.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12192	Nicholson, Grant	12192.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12192	Nicholson, Grant	12192.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12192	Nicholson, Grant	12192.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12192	Nicholson, Grant	12192.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12278	Nicolau, Margot	12278.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12278	Nicolau, Margot	12278.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12278	Nicolau, Margot	12278.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12278	Nicolau, Margot	12278.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12278	Nicolau, Margot	12278.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13028	Nielsen, Barbara	13028.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13028	Nielsen, Barbara	13028.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13028	Nielsen, Barbara	13028.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13028	Nielsen, Barbara	13028.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13028	Nielsen, Barbara	13028.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12993	Nixon, Georgia	12993.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12993	Nixon, Georgia	12993.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12993	Nixon, Georgia	12993.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12993	Nixon, Georgia	12993.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12993	Nixon, Georgia	12993.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12230	Nolan, Phil	12230.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12230	Nolan, Phil	12230.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12230	Nolan, Phil	12230.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12230	Nolan, Phil	12230.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12230	Nolan, Phil	12230.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12701	Noonan, Anna	12701.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12701	Noonan, Anna	12701.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12701	Noonan, Anna	12701.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12701	Noonan, Anna	12701.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12701	Noonan, Anna	12701.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12920	Nordberg, Valerie	12920.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12920	Nordberg, Valerie	12920.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12920	Nordberg, Valerie	12920.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12920	Nordberg, Valerie	12920.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12920	Nordberg, Valerie	12920.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12378	Norman, Madeleine	12378.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12378	Norman, Madeleine	12378.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12378	Norman, Madeleine	12378.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12378	Norman, Madeleine	12378.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12378	Norman, Madeleine	12378.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12369	North, Claire	12369.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12369	North, Claire	12369.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12307	O'brien, Daniel	12307.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12307	O'brien, Daniel	12307.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12307	O'brien, Daniel	12307.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12308	O'brien, Daniel	12308.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12308	O'brien, Daniel	12308.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12308	O'brien, Daniel	12308.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12308	O'brien, Daniel	12308.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12308	O'brien, Daniel	12308.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

13081	O'Connell-Milne,Sorrel	13081.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Nutrient, sediment and microbial contaminant thresholds be set with consideration on vulnerable receiving environments, particularly estuaries and near shore coastal waters
13081	O'Connell-Milne,Sorrel	13081.007	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify macro and micro plastic debris as a contaminant and take steps to ensure they do not enter waterways
12725	Oakley, Violet	12725.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12725	Oakley, Violet	12725.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12725	Oakley, Violet	12725.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12725	Oakley, Violet	12725.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12725	Oakley, Violet	12725.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13081	O'Connell-Milne, Sorrel	13081.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13081	O'Connell-Milne, Sorrel	13081.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13081	O'Connell-Milne, Sorrel	13081.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13081	O'Connell-Milne, Sorrel	13081.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13081	O'Connell-Milne, Sorrel	13081.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12932	O'Connor, Denis	12932.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12932	O'Connor, Denis	12932.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12932	O'Connor, Denis	12932.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12932	O'Connor, Denis	12932.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12932	O'Connor, Denis	12932.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12968	O'donnell, Katie	12968.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12968	O'donnell, Katie	12968.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12968	O'donnell, Katie	12968.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12968	O'donnell, Katie	12968.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12968	O'donnell, Katie	12968.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12857	Ogilvie, Chris & Kay	12857.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12857	Ogilvie, Chris & Kay	12857.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12857	Ogilvie, Chris & Kay	12857.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12857	Ogilvie, Chris & Kay	12857.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12857	Ogilvie, Chris & Kay	12857.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13021	O'hagan, Sally	13021.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13021	O'hagan, Sally	13021.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13021	O'hagan, Sally	13021.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

13021	O'hagan, Sally	13021.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13021	O'hagan, Sally	13021.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12207	Ohlson, Alaric	12207.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12207	Ohlson, Alaric	12207.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12207	Ohlson, Alaric	12207.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12207	Ohlson, Alaric	12207.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12207	Ohlson, Alaric	12207.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12867	Oldham, Margaret	12867.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12867	Oldham, Margaret	12867.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12867	Oldham, Margaret	12867.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12867	Oldham, Margaret	12867.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12867	Oldham, Margaret	12867.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12866	Oldham, Valma	12866.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12866	Oldham, Valma	12866.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12866	Oldham, Valma	12866.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12866	Oldham, Valma	12866.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12866	Oldham, Valma	12866.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12198	O'leary, Michael	12198.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12198	O'leary, Michael	12198.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12198	O'leary, Michael	12198.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12198	O'leary, Michael	12198.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12198	O'leary, Michael	12198.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12267	Oliver, Martin	12267.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12267	Oliver, Martin	12267.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12267	Oliver, Martin	12267.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12267	Oliver, Martin	12267.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12267	Oliver, Martin	12267.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12678	Olsen, Christine	12678.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12678	Olsen, Christine	12678.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12678	Olsen, Christine	12678.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12678	Olsen, Christine	12678.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12678	Olsen, Christine	12678.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12363	Onderwater, R A M	12363.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12363	Onderwater, R A M	12363.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12363	Onderwater, R A M	12363.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12363	Onderwater, R A M	12363.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12363	Onderwater, R A M	12363.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12574	O'Neal, Maureen	12574.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12574	O'Neal, Maureen	12574.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12574	O'Neal, Maureen	12574.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12574	O'Neal, Maureen	12574.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12574	O'Neal, Maureen	12574.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12935	Ore, Livne	12935.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12935	Ore, Livne	12935.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12935	Ore, Livne	12935.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12935	Ore, Livne	12935.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12935	Ore, Livne	12935.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12760	Orme, Ron	12760.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12760	Orme, Ron	12760.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12760	Orme, Ron	12760.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12760	Orme, Ron	12760.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12760	Orme, Ron	12760.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12622	Osborne, Layne	12622.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12622	Osborne, Layne	12622.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12622	Osborne, Layne	12622.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12622	Osborne, Layne	12622.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12622	Osborne, Layne	12622.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12944	O'sullivan, Michael	12944.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12944	O'sullivan, Michael	12944.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12944	O'sullivan, Michael	12944.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12944	O'sullivan, Michael	12944.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12944	O'sullivan, Michael	12944.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13030	Owen, Stephanie	13030.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13030	Owen, Stephanie	13030.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13030	Owen, Stephanie	13030.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13030	Owen, Stephanie	13030.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13030	Owen, Stephanie	13030.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12557	Owen, Tina	12557.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12557	Owen, Tina	12557.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12557	Owen, Tina	12557.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12557	Owen, Tina	12557.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12557	Owen, Tina	12557.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12848	P, Marco	12848.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12848	P, Marco	12848.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12848	P, Marco	12848.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12848	P, Marco	12848.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12848	P, Marco	12848.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12863	Page, Margaret	12863.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12863	Page, Margaret	12863.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12863	Page, Margaret	12863.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12863	Page, Margaret	12863.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12863	Page, Margaret	12863.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12858	Palmer, Madeleine	12858.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12858	Palmer, Madeleine	12858.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12858	Palmer, Madeleine	12858.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12858	Palmer, Madeleine	12858.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12858	Palmer, Madeleine	12858.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12766	Palmer, Viola	12766.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12766	Palmer, Viola	12766.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12766	Palmer, Viola	12766.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12766	Palmer, Viola	12766.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12766	Palmer, Viola	12766.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12341	Pampin, Oscar	12341.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12341	Pampin, Oscar	12341.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12341	Pampin, Oscar	12341.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12341	Pampin, Oscar	12341.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12341	Pampin, Oscar	12341.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12969	Panhuis, Anne	12969.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12969	Panhuis, Anne	12969.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12969	Panhuis, Anne	12969.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12969	Panhuis, Anne	12969.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12969	Panhuis, Anne	12969.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12032	Papoutsaki, Evangelia	12032.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12032	Papoutsaki, Evangelia	12032.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12032	Papoutsaki, Evangelia	12032.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12032	Papoutsaki, Evangelia	12032.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12032	Papoutsaki, Evangelia	12032.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12558	Park, Lindsay	12558.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12558	Park, Lindsay	12558.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12558	Park, Lindsay	12558.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12558	Park, Lindsay	12558.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12558	Park, Lindsay	12558.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12465	Park, Serok	12465.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12465	Park, Serok	12465.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12465	Park, Serok	12465.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12465	Park, Serok	12465.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12465	Park, Serok	12465.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12827	Parker, Kelvern	12827.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12827	Parker, Kelvern	12827.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12827	Parker, Kelvern	12827.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12827	Parker, Kelvern	12827.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12827	Parker, Kelvern	12827.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12522	Paterson, Andrea	12522.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12522	Paterson, Andrea	12522.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12522	Paterson, Andrea	12522.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12522	Paterson, Andrea	12522.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12522	Paterson, Andrea	12522.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12446	Paterson, Neil	12446.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12446	Paterson, Neil	12446.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12446	Paterson, Neil	12446.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12446	Paterson, Neil	12446.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12446	Paterson, Neil	12446.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12052	Patterson, Brian	12052.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12052	Patterson, Brian	12052.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12052	Patterson, Brian	12052.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12052	Patterson, Brian	12052.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12052	Patterson, Brian	12052.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12166	Pauley, Brendon	12166.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12166	Pauley, Brendon	12166.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12166	Pauley, Brendon	12166.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12166	Pauley, Brendon	12166.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12166	Pauley, Brendon	12166.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13023	Paulin, Judith	13023.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13023	Paulin, Judith	13023.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13023	Paulin, Judith	13023.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13023	Paulin, Judith	13023.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13023	Paulin, Judith	13023.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13024	Paulin, Judith	13024.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13024	Paulin, Judith	13024.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13024	Paulin, Judith	13024.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13024	Paulin, Judith	13024.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13024	Paulin, Judith	13024.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12067	Paunero, Marta	12067.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12067	Paunero, Marta	12067.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12067	Paunero, Marta	12067.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12067	Paunero, Marta	12067.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12067	Paunero, Marta	12067.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13061	Paxton, Caroline	13061.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13061	Paxton, Caroline	13061.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13061	Paxton, Caroline	13061.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13061	Paxton, Caroline	13061.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13061	Paxton, Caroline	13061.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12023	Peacock, Donna	12023.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12023	Peacock, Donna	12023.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12023	Peacock, Donna	12023.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12023	Peacock, Donna	12023.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12023	Peacock, Donna	12023.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12013	Peacock, Neil	12013.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12013	Peacock, Neil	12013.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12013	Peacock, Neil	12013.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12013	Peacock, Neil	12013.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12013	Peacock, Neil	12013.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13031	Pearson, Jacky	13031.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13031	Pearson, Jacky	13031.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13031	Pearson, Jacky	13031.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13031	Pearson, Jacky	13031.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13031	Pearson, Jacky	13031.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12586	Pelach batlle, Teia	12586.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12586	Pelach batlle, Teia	12586.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12586	Pelach batlle, Teia	12586.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12586	Pelach batlle, Teia	12586.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12586	Pelach batlle, Teia	12586.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12196	Pelleg, Josh	12196.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12196	Pelleg, Josh	12196.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12196	Pelleg, Josh	12196.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12196	Pelleg, Josh	12196.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12196	Pelleg, Josh	12196.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13007	Penn, Robyn	13007.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13007	Penn, Robyn	13007.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13007	Penn, Robyn	13007.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13007	Penn, Robyn	13007.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13007	Penn, Robyn	13007.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12111	Perino, Nina	12111.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12111	Perino, Nina	12111.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12111	Perino, Nina	12111.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12111	Perino, Nina	12111.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12111	Perino, Nina	12111.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12847	Peters-Tahitahi, Brendon	12847.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12847	Peters-Tahitahi, Brendon	12847.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12847	Peters-Tahitahi, Brendon	12847.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12847	Peters-Tahitahi, Brendon	12847.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12847	Peters-Tahitahi, Brendon	12847.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12729	Phillips, Larry	12729.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12729	Phillips, Larry	12729.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12729	Phillips, Larry	12729.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12729	Phillips, Larry	12729.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12729	Phillips, Larry	12729.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12460	Philpott, Bruce	12460.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12460	Philpott, Bruce	12460.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12460	Philpott, Bruce	12460.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12460	Philpott, Bruce	12460.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12460	Philpott, Bruce	12460.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12509	Pickard, Penelope	12509.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12509	Pickard, Penelope	12509.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12509	Pickard, Penelope	12509.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12509	Pickard, Penelope	12509.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12509	Pickard, Penelope	12509.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13043	Pilcher, Colleen	13043.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13043	Pilcher, Colleen	13043.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13043	Pilcher, Colleen	13043.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13043	Pilcher, Colleen	13043.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13043	Pilcher, Colleen	13043.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13003	Pilkington, Tarn	13003.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13003	Pilkington, Tarn	13003.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

13003	Pilkington, Tarn	13003.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13003	Pilkington, Tarn	13003.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13003	Pilkington, Tarn	13003.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12902	Piller, Robert	12902.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12902	Piller, Robert	12902.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12902	Piller, Robert	12902.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12902	Piller, Robert	12902.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12902	Piller, Robert	12902.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12015	Pinque, Meryl	12015.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12015	Pinque, Meryl	12015.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12015	Pinque, Meryl	12015.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12015	Pinque, Meryl	12015.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12015	Pinque, Meryl	12015.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12150	Pitelen, Grant	12150.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12150	Pitelen, Grant	12150.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12150	Pitelen, Grant	12150.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12150	Pitelen, Grant	12150.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12150	Pitelen, Grant	12150.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12315	Plant, Ewan	12315.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12315	Plant, Ewan	12315.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12315	Plant, Ewan	12315.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12315	Plant, Ewan	12315.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12315	Plant, Ewan	12315.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12982	Pleiss, Holger	12982.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12982	Pleiss, Holger	12982.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12982	Pleiss, Holger	12982.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12982	Pleiss, Holger	12982.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12982	Pleiss, Holger	12982.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12972	Plummer, Leigh	12972.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12972	Plummer, Leigh	12972.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12972	Plummer, Leigh	12972.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12972	Plummer, Leigh	12972.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12972	Plummer, Leigh	12972.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12796	Pollock, Gillian	12796.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12796	Pollock, Gillian	12796.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12796	Pollock, Gillian	12796.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12796	Pollock, Gillian	12796.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12796	Pollock, Gillian	12796.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12884	Pollock, Janine	12884.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12884	Pollock, Janine	12884.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12884	Pollock, Janine	12884.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12884	Pollock, Janine	12884.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12884	Pollock, Janine	12884.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12668	Pool, Frank	12668.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12668	Pool, Frank	12668.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12668	Pool, Frank	12668.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12668	Pool, Frank	12668.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12668	Pool, Frank	12668.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12322	Poppe, Roland	12322.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12322	Poppe, Roland	12322.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12322	Poppe, Roland	12322.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12322	Poppe, Roland	12322.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12322	Poppe, Roland	12322.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12497	Pouwhare, Teawhina	12497.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12497	Pouwhare, Teawhina	12497.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12497	Pouwhare, Teawhina	12497.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12497	Pouwhare, Teawhina	12497.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12497	Pouwhare, Teawhina	12497.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12841	Powell, Gail	12841.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12841	Powell, Gail	12841.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12841	Powell, Gail	12841.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12841	Powell, Gail	12841.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12841	Powell, Gail	12841.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12487	Powell, Jane	12487.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12487	Powell, Jane	12487.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12487	Powell, Jane	12487.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12487	Powell, Jane	12487.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12487	Powell, Jane	12487.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13073	Presland-Tack, Elizabeth	13073.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13073	Presland-Tack, Elizabeth	13073.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

13073	Presland-Tack, Elizabeth	13073.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13073	Presland-Tack, Elizabeth	13073.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13073	Presland-Tack, Elizabeth	13073.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13050	Presley, Reita	13050.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13050	Presley, Reita	13050.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13050	Presley, Reita	13050.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13050	Presley, Reita	13050.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13050	Presley, Reita	13050.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12519	Preston, Amanda	12519.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12519	Preston, Amanda	12519.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12519	Preston, Amanda	12519.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12519	Preston, Amanda	12519.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12519	Preston, Amanda	12519.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12520	Preston, Amanda	12520.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12520	Preston, Amanda	12520.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12520	Preston, Amanda	12520.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12520	Preston, Amanda	12520.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12520	Preston, Amanda	12520.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12539	Preston, Amanda	12539.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12539	Preston, Amanda	12539.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12539	Preston, Amanda	12539.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12539	Preston, Amanda	12539.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12539	Preston, Amanda	12539.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12978	Price, Paul charles	12978.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12978	Price, Paul charles	12978.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12978	Price, Paul charles	12978.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12978	Price, Paul charles	12978.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12978	Price, Paul charles	12978.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12049	Prior, Hannah	12049.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12049	Prior, Hannah	12049.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12049	Prior, Hannah	12049.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12049	Prior, Hannah	12049.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12049	Prior, Hannah	12049.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12452	Prisco, Mark	12452.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12452	Prisco, Mark	12452.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12452	Prisco, Mark	12452.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12452	Prisco, Mark	12452.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12452	Prisco, Mark	12452.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12506	Pritchard, Gem	12506.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12506	Pritchard, Gem	12506.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12506	Pritchard, Gem	12506.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12506	Pritchard, Gem	12506.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12506	Pritchard, Gem	12506.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12404	Puklowski, Noel	12404.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12404	Puklowski, Noel	12404.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12404	Puklowski, Noel	12404.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12404	Puklowski, Noel	12404.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12404	Puklowski, Noel	12404.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12138	Quick, Angeline	12138.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12138	Quick, Angeline	12138.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12138	Quick, Angeline	12138.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12138	Quick, Angeline	12138.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12138	Quick, Angeline	12138.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12222	Quigley, Katherine	12222.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12222	Quigley, Katherine	12222.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12222	Quigley, Katherine	12222.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12222	Quigley, Katherine	12222.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12222	Quigley, Katherine	12222.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12727	Quigley, Sarah	12727.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12727	Quigley, Sarah	12727.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12727	Quigley, Sarah	12727.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12727	Quigley, Sarah	12727.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12727	Quigley, Sarah	12727.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12359	Ramírez, Sergio Olivares	12359.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12359	Ramírez, Sergio Olivares	12359.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12359	Ramírez, Sergio Olivares	12359.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12359	Ramírez, Sergio Olivares	12359.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12359	Ramírez, Sergio Olivares	12359.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12765	Randle, Jan	12765.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12765	Randle, Jan	12765.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12765	Randle, Jan	12765.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12765	Randle, Jan	12765.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12765	Randle, Jan	12765.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13092	Rangitonga, Michael	13092.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13092	Rangitonga, Michael	13092.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13092	Rangitonga, Michael	13092.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13092	Rangitonga, Michael	13092.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13092	Rangitonga, Michael	13092.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12937	Ratima, Matiu	12937.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12937	Ratima, Matiu	12937.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12937	Ratima, Matiu	12937.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12937	Ratima, Matiu	12937.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12937	Ratima, Matiu	12937.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12284	Reade, Bryn	12284.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12284	Reade, Bryn	12284.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12284	Reade, Bryn	12284.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12284	Reade, Bryn	12284.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12284	Reade, Bryn	12284.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12225	Redman, Ron	12225.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12225	Redman, Ron	12225.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12225	Redman, Ron	12225.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12225	Redman, Ron	12225.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12225	Redman, Ron	12225.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12515	Reeves, Stephen	12515.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12515	Reeves, Stephen	12515.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12515	Reeves, Stephen	12515.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12515	Reeves, Stephen	12515.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12515	Reeves, Stephen	12515.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12292	Reich, Lisa	12292.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12292	Reich, Lisa	12292.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12292	Reich, Lisa	12292.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12292	Reich, Lisa	12292.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12292	Reich, Lisa	12292.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12979	Reid, Ami	12979.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12979	Reid, Ami	12979.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12979	Reid, Ami	12979.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12979	Reid, Ami	12979.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12979	Reid, Ami	12979.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12262	Reid, Malcolm	12262.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12262	Reid, Malcolm	12262.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12262	Reid, Malcolm	12262.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12262	Reid, Malcolm	12262.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12262	Reid, Malcolm	12262.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12839	Renee, Kristy	12839.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12839	Renee, Kristy	12839.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12839	Renee, Kristy	12839.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12839	Renee, Kristy	12839.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12839	Renee, Kristy	12839.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12390	Renk, Edeltraut	12390.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12390	Renk, Edeltraut	12390.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12390	Renk, Edeltraut	12390.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12390	Renk, Edeltraut	12390.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12390	Renk, Edeltraut	12390.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12314	Renzi, Federica	12314.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12314	Renzi, Federica	12314.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12314	Renzi, Federica	12314.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12314	Renzi, Federica	12314.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12314	Renzi, Federica	12314.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12881	Ressos, Philippe	12881.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12881	Ressos, Philippe	12881.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12881	Ressos, Philippe	12881.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12881	Ressos, Philippe	12881.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12881	Ressos, Philippe	12881.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12415	Reutter, Karsten	12415.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12415	Reutter, Karsten	12415.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12415	Reutter, Karsten	12415.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12415	Reutter, Karsten	12415.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12415	Reutter, Karsten	12415.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12056	Revitt, W	12056.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12056	Revitt, W	12056.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12056	Revitt, W	12056.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12056	Revitt, W	12056.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12056	Revitt, W	12056.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12976	Rezzonico, Alessia	12976.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12976	Rezzonico, Alessia	12976.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12976	Rezzonico, Alessia	12976.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12976	Rezzonico, Alessia	12976.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12976	Rezzonico, Alessia	12976.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12253	Ricci, Angel	12253.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12253	Ricci, Angel	12253.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12253	Ricci, Angel	12253.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12253	Ricci, Angel	12253.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12253	Ricci, Angel	12253.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12294	Richards, John Neil	12294.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12294	Richards, John Neil	12294.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12294	Richards, John Neil	12294.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12294	Richards, John Neil	12294.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12294	Richards, John Neil	12294.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12693	Richardson, Alan & Jeanette	12693.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12693	Richardson, Alan & Jeanette	12693.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12693	Richardson, Alan & Jeanette	12693.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12693	Richardson, Alan & Jeanette	12693.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12693	Richardson, Alan & Jeanette	12693.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12145	Richardson, Andre	12145.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12145	Richardson, Andre	12145.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12145	Richardson, Andre	12145.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12145	Richardson, Andre	12145.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12145	Richardson, Andre	12145.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12903	Richardson, Jeanette & Alan	12903.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12903	Richardson, Jeanette & Alan	12903.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12903	Richardson, Jeanette & Alan	12903.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12903	Richardson, Jeanette & Alan	12903.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12903	Richardson, Jeanette & Alan	12903.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12417	Riederer, Eva	12417.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12417	Riederer, Eva	12417.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12417	Riederer, Eva	12417.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12417	Riederer, Eva	12417.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12417	Riederer, Eva	12417.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12100	Rihari, Nazarene	12100.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12100	Rihari, Nazarene	12100.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12100	Rihari, Nazarene	12100.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12100	Rihari, Nazarene	12100.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12100	Rihari, Nazarene	12100.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13009	Ritchie, Rob	13009.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13009	Ritchie, Rob	13009.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13009	Ritchie, Rob	13009.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13009	Ritchie, Rob	13009.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13009	Ritchie, Rob	13009.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12596	Ritter, Esther	12596.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12596	Ritter, Esther	12596.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12596	Ritter, Esther	12596.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12596	Ritter, Esther	12596.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12596	Ritter, Esther	12596.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12405	Robb, Paula	12405.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12405	Robb, Paula	12405.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12405	Robb, Paula	12405.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12405	Robb, Paula	12405.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12405	Robb, Paula	12405.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12168	Robbins, Jean	12168.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12168	Robbins, Jean	12168.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12168	Robbins, Jean	12168.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12168	Robbins, Jean	12168.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12168	Robbins, Jean	12168.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12654	Roberts, Adrienne & John	12654.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12654	Roberts, Adrienne & John	12654.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12654	Roberts, Adrienne & John	12654.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12654	Roberts, Adrienne & John	12654.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12654	Roberts, Adrienne & John	12654.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12467	Robertson, Amy	12467.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12467	Robertson, Amy	12467.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12467	Robertson, Amy	12467.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12467	Robertson, Amy	12467.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12467	Robertson, Amy	12467.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12147	Robinson, Bruce	12147.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12147	Robinson, Bruce	12147.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12147	Robinson, Bruce	12147.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12147	Robinson, Bruce	12147.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12147	Robinson, Bruce	12147.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13056	Robinson, Fern	13056.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13056	Robinson, Fern	13056.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13056	Robinson, Fern	13056.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13056	Robinson, Fern	13056.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13056	Robinson, Fern	13056.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12692	Robinson, Jim	12692.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12692	Robinson, Jim	12692.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12692	Robinson, Jim	12692.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12692	Robinson, Jim	12692.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12692	Robinson, Jim	12692.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12438	Robson, Barbara	12438.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12438	Robson, Barbara	12438.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12438	Robson, Barbara	12438.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12438	Robson, Barbara	12438.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12438	Robson, Barbara	12438.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12647	Roddick, Jill	12647.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12647	Roddick, Jill	12647.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12647	Roddick, Jill	12647.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12647	Roddick, Jill	12647.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12647	Roddick, Jill	12647.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12909	Rodley, Jackson	12909.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12909	Rodley, Jackson	12909.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12909	Rodley, Jackson	12909.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12909	Rodley, Jackson	12909.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12909	Rodley, Jackson	12909.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12206	Rodrigues, Miguel	12206.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12206	Rodrigues, Miguel	12206.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12206	Rodrigues, Miguel	12206.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12206	Rodrigues, Miguel	12206.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12206	Rodrigues, Miguel	12206.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12724	Rolfe, Jim	12724.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12724	Rolfe, Jim	12724.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12724	Rolfe, Jim	12724.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12724	Rolfe, Jim	12724.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12724	Rolfe, Jim	12724.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13064	Rolfe, Shona	13064.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13064	Rolfe, Shona	13064.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13064	Rolfe, Shona	13064.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13064	Rolfe, Shona	13064.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13064	Rolfe, Shona	13064.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12074	Rose, Terry	12074.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12074	Rose, Terry	12074.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12074	Rose, Terry	12074.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12074	Rose, Terry	12074.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12074	Rose, Terry	12074.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12473	Rosenberg-lasch, Martin	12473.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12473	Rosenberg-lasch, Martin	12473.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12473	Rosenberg-lasch, Martin	12473.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12473	Rosenberg-lasch, Martin	12473.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12473	Rosenberg-lasch, Martin	12473.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12951	Rosenqvist, Johan	12951.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12951	Rosenqvist, Johan	12951.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12951	Rosenqvist, Johan	12951.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12951	Rosenqvist, Johan	12951.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12951	Rosenqvist, Johan	12951.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12197	Rowe, Wayne	12197.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12197	Rowe, Wayne	12197.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12197	Rowe, Wayne	12197.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12197	Rowe, Wayne	12197.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12197	Rowe, Wayne	12197.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12578	Rule, Debbie	12578.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12578	Rule, Debbie	12578.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12578	Rule, Debbie	12578.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12578	Rule, Debbie	12578.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12578	Rule, Debbie	12578.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12414	Russell, Julie	12414.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12414	Russell, Julie	12414.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12414	Russell, Julie	12414.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12414	Russell, Julie	12414.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12414	Russell, Julie	12414.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12414	Russell, Julie	12414.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Support greater use of Integrated pest management (IPM) techniques to reduce chemical use and water pollution.
12994	Russell, Linda	12994.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12994	Russell, Linda	12994.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12994	Russell, Linda	12994.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12994	Russell, Linda	12994.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12994	Russell, Linda	12994.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12550	Russell-trione, Emma	12550.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12550	Russell-trione, Emma	12550.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing

						out synthetic nitrogen fertiliser and lowering cow stocking rates.
12550	Russell-trione, Emma	12550.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12550	Russell-trione, Emma	12550.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12550	Russell-trione, Emma	12550.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13097	Ruth, Sorchar	13097.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13097	Ruth, Sorchar	13097.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13097	Ruth, Sorchar	13097.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13097	Ruth, Sorchar	13097.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13097	Ruth, Sorchar	13097.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13090	Rynhart, Trevor	13090.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13090	Rynhart, Trevor	13090.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13090	Rynhart, Trevor	13090.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13090	Rynhart, Trevor	13090.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13090	Rynhart, Trevor	13090.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12396	S, C	12396.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12396	S, C	12396.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12396	S, C	12396.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12396	S, C	12396.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12396	S, C	12396.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12140	Sahar, May	12140.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12140	Sahar, May	12140.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12140	Sahar, May	12140.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12140	Sahar, May	12140.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12140	Sahar, May	12140.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12478	Salisbury, John	12478.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12478	Salisbury, John	12478.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12478	Salisbury, John	12478.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12478	Salisbury, John	12478.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12478	Salisbury, John	12478.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12289	Salvanda, Caroline	12289.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12289	Salvanda, Caroline	12289.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12289	Salvanda, Caroline	12289.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12289	Salvanda, Caroline	12289.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12289	Salvanda, Caroline	12289.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12774	Sandano, Duilio	12774.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12774	Sandano, Duilio	12774.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12774	Sandano, Duilio	12774.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12774	Sandano, Duilio	12774.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12774	Sandano, Duilio	12774.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12104	Sandle, Rod	12104.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12104	Sandle, Rod	12104.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12104	Sandle, Rod	12104.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12104	Sandle, Rod	12104.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12104	Sandle, Rod	12104.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12135	Santiago, Joaquã-n	12135.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12135	Santiago, Joaquã-n	12135.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12135	Santiago, Joaquã-n	12135.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12135	Santiago, Joaquã-n	12135.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12135	Santiago, Joaquã-n	12135.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12144	Santiago, Joaquã-n	12144.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12144	Santiago, Joaquã-n	12144.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12144	Santiago, Joaquã-n	12144.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12144	Santiago, Joaquã-n	12144.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12144	Santiago, Joaquã-n	12144.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12869	Saunders, Bruce	12869.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12869	Saunders, Bruce	12869.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12869	Saunders, Bruce	12869.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12869	Saunders, Bruce	12869.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12869	Saunders, Bruce	12869.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12649	Saunders, Euan	12649.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12649	Saunders, Euan	12649.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12649	Saunders, Euan	12649.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12649	Saunders, Euan	12649.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12649	Saunders, Euan	12649.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12485	Saunders, L	12485.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12485	Saunders, L	12485.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12485	Saunders, L	12485.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12485	Saunders, L	12485.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12485	Saunders, L	12485.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12010	Savin, Adriana	12010.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12010	Savin, Adriana	12010.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12010	Savin, Adriana	12010.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12010	Savin, Adriana	12010.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12010	Savin, Adriana	12010.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12883	Scarborough, Sylvie	12883.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12883	Scarborough, Sylvie	12883.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12883	Scarborough, Sylvie	12883.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12883	Scarborough, Sylvie	12883.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12883	Scarborough, Sylvie	12883.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12890	Scarth, Mary	12890.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12890	Scarth, Mary	12890.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12890	Scarth, Mary	12890.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12890	Scarth, Mary	12890.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12890	Scarth, Mary	12890.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12201	Schaffaczek, Andreas	12201.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12201	Schaffaczek, Andreas	12201.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12201	Schaffaczek, Andreas	12201.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12201	Schaffaczek, Andreas	12201.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12201	Schaffaczek, Andreas	12201.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12931	Schefner, Alexandra	12931.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12931	Schefner, Alexandra	12931.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12931	Schefner, Alexandra	12931.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12931	Schefner, Alexandra	12931.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long- term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12931	Schefner, Alexandra	12931.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12931	Schefner, Alexandra	12931.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Ban the addition of Fluorine to water supply
12931	Schefner, Alexandra	12931.007	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Reduce levels of Chlorine in water supply
12129	Schiller, Susan	12129.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12129	Schiller, Susan	12129.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12129	Schiller, Susan	12129.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12129	Schiller, Susan	12129.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12129	Schiller, Susan	12129.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12892	Schimmel, Anna	12892.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12892	Schimmel, Anna	12892.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12892	Schimmel, Anna	12892.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12892	Schimmel, Anna	12892.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12892	Schimmel, Anna	12892.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12377	Schmidt, Erika	12377.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12377	Schmidt, Erika	12377.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12377	Schmidt, Erika	12377.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12377	Schmidt, Erika	12377.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12377	Schmidt, Erika	12377.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12089	Schoenborn, Anja	12089.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12089	Schoenborn, Anja	12089.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12089	Schoenborn, Anja	12089.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12089	Schoenborn, Anja	12089.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12089	Schoenborn, Anja	12089.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12911	Schrobenhauser, Irene	12911.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12911	Schrobenhauser, Irene	12911.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12911	Schrobenhauser, Irene	12911.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12911	Schrobenhauser, Irene	12911.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12911	Schrobenhauser, Irene	12911.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12442	Schroeder, Maud	12442.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12442	Schroeder, Maud	12442.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12442	Schroeder, Maud	12442.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12442	Schroeder, Maud	12442.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12442	Schroeder, Maud	12442.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12356	Schwab, Anna	12356.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12356	Schwab, Anna	12356.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12356	Schwab, Anna	12356.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12356	Schwab, Anna	12356.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12356	Schwab, Anna	12356.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12397	Scott, Alexandra	12397.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12397	Scott, Alexandra	12397.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12397	Scott, Alexandra	12397.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12397	Scott, Alexandra	12397.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12397	Scott, Alexandra	12397.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12634	Scott, Bruce	12634.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12634	Scott, Bruce	12634.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12634	Scott, Bruce	12634.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12634	Scott, Bruce	12634.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12634	Scott, Bruce	12634.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12634	Scott, Bruce	12634.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Oppose use of water for water bottling
12251	Scott, Laurie	12251.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12251	Scott, Laurie	12251.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing

						out synthetic nitrogen fertiliser and lowering cow stocking rates.
12251	Scott, Laurie	12251.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12251	Scott, Laurie	12251.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12251	Scott, Laurie	12251.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12702	Scott, Robyn	12702.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12702	Scott, Robyn	12702.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12702	Scott, Robyn	12702.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12702	Scott, Robyn	12702.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long- term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12702	Scott, Robyn	12702.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12702	Scott, Robyn	12702.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Greater restrictions on farming intensification, and more support for farmers who are making an effort by planting waterways etc
12582	Searancke, Pai	12582.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12582	Searancke, Pai	12582.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12582	Searancke, Pai	12582.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12582	Searancke, Pai	12582.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12582	Searancke, Pai	12582.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13094	Semkiw, Zoya	13094.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

13094	Semkiw, Zoya	13094.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13094	Semkiw, Zoya	13094.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13094	Semkiw, Zoya	13094.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13094	Semkiw, Zoya	13094.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12008	Sévilla, Caroline	12008.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12008	Sévilla, Caroline	12008.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12008	Sévilla, Caroline	12008.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12008	Sévilla, Caroline	12008.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12008	Sévilla, Caroline	12008.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12009	Shand, Carol	12009.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12009	Shand, Carol	12009.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12009	Shand, Carol	12009.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12009	Shand, Carol	12009.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12009	Shand, Carol	12009.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12081	Shave, Rodney	12081.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12081	Shave, Rodney	12081.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12081	Shave, Rodney	12081.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12081	Shave, Rodney	12081.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12081	Shave, Rodney	12081.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12418	Shine, Patrick	12418.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12418	Shine, Patrick	12418.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12418	Shine, Patrick	12418.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12418	Shine, Patrick	12418.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12418	Shine, Patrick	12418.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12083	Shirai, Sachi	12083.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12083	Shirai, Sachi	12083.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12083	Shirai, Sachi	12083.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12083	Shirai, Sachi	12083.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12083	Shirai, Sachi	12083.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12735	Shorten, Moira	12735.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12735	Shorten, Moira	12735.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12735	Shorten, Moira	12735.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12735	Shorten, Moira	12735.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12735	Shorten, Moira	12735.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12736	Shorten, Moira	12736.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12736	Shorten, Moira	12736.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12736	Shorten, Moira	12736.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12736	Shorten, Moira	12736.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12736	Shorten, Moira	12736.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12382	Simmons, Micah	12382.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12382	Simmons, Micah	12382.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12382	Simmons, Micah	12382.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12382	Simmons, Micah	12382.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12382	Simmons, Micah	12382.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13100	Simmons, Saly	13100.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13100	Simmons, Saly	13100.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13100	Simmons, Saly	13100.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13100	Simmons, Saly	13100.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13100	Simmons, Saly	13100.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12381	Simons, Riet	12381.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12381	Simons, Riet	12381.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12381	Simons, Riet	12381.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12381	Simons, Riet	12381.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12381	Simons, Riet	12381.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12960	Skalic, Dita	12960.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12960	Skalic, Dita	12960.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12960	Skalic, Dita	12960.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12960	Skalic, Dita	12960.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12960	Skalic, Dita	12960.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12157	Skinner, Christiana	12157.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12157	Skinner, Christiana	12157.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12157	Skinner, Christiana	12157.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12157	Skinner, Christiana	12157.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12157	Skinner, Christiana	12157.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12420	Skudder, Judith	12420.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12420	Skudder, Judith	12420.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12420	Skudder, Judith	12420.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12420	Skudder, Judith	12420.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12420	Skudder, Judith	12420.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12850	Slanzi, Maurizio	12850.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12850	Slanzi, Maurizio	12850.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12850	Slanzi, Maurizio	12850.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12850	Slanzi, Maurizio	12850.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12850	Slanzi, Maurizio	12850.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13002	Slinn, Warwick	13002.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13002	Slinn, Warwick	13002.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13002	Slinn, Warwick	13002.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13002	Slinn, Warwick	13002.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13002	Slinn, Warwick	13002.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12805	Small, Dennis	12805.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12805	Small, Dennis	12805.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12805	Small, Dennis	12805.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12805	Small, Dennis	12805.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12805	Small, Dennis	12805.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12669	Smith, Catherine	12669.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12669	Smith, Catherine	12669.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12669	Smith, Catherine	12669.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12669	Smith, Catherine	12669.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12669	Smith, Catherine	12669.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12672	Smith, Catherine	12672.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12672	Smith, Catherine	12672.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12672	Smith, Catherine	12672.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12672	Smith, Catherine	12672.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12672	Smith, Catherine	12672.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12583	Smith, Jared	12583.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12583	Smith, Jared	12583.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12583	Smith, Jared	12583.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12583	Smith, Jared	12583.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12583	Smith, Jared	12583.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13055	Smith, Jennifer	13055.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13055	Smith, Jennifer	13055.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13055	Smith, Jennifer	13055.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13055	Smith, Jennifer	13055.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13055	Smith, Jennifer	13055.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12695	Smith, Jill	12695.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12695	Smith, Jill	12695.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12695	Smith, Jill	12695.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12695	Smith, Jill	12695.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long- term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12695	Smith, Jill	12695.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12695	Smith, Jill	12695.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Riparian planting should be wide enough to attract native insects and birds
12695	Smith, Jill	12695.007	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Compensation payable to farmers for loss of productive land
12733	Smith, Joan	12733.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12733	Smith, Joan	12733.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12733	Smith, Joan	12733.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12733	Smith, Joan	12733.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12733	Smith, Joan	12733.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12535	Smith, Paul	12535.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12535	Smith, Paul	12535.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12535	Smith, Paul	12535.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12535	Smith, Paul	12535.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12535	Smith, Paul	12535.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12475	Smith, Richard	12475.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12475	Smith, Richard	12475.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12475	Smith, Richard	12475.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12475	Smith, Richard	12475.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12475	Smith, Richard	12475.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12861	Smith-bingham, Mark	12861.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12861	Smith-bingham, Mark	12861.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12861	Smith-bingham, Mark	12861.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12861	Smith-bingham, Mark	12861.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12861	Smith-bingham, Mark	12861.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12271	Smithline, Scott	12271.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12271	Smithline, Scott	12271.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12271	Smithline, Scott	12271.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12271	Smithline, Scott	12271.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12271	Smithline, Scott	12271.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12882	Snelling Berg, Anthony	12882.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12882	Snelling Berg, Anthony	12882.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12882	Snelling Berg, Anthony	12882.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12882	Snelling Berg, Anthony	12882.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12882	Snelling Berg, Anthony	12882.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12882	Snelling Berg, Anthony	12882.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Stop Transition of synthetic nitrogen fertiliser immediately.
13067	Snoep, Rachel	13067.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

13067	Snoep, Rachel	13067.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13067	Snoep, Rachel	13067.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13067	Snoep, Rachel	13067.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13067	Snoep, Rachel	13067.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12249	Soares, Maria	12249.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12249	Soares, Maria	12249.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12249	Soares, Maria	12249.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12249	Soares, Maria	12249.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12249	Soares, Maria	12249.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12712	Soral, Ceyda	12712.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12712	Soral, Ceyda	12712.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12712	Soral, Ceyda	12712.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12712	Soral, Ceyda	12712.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12712	Soral, Ceyda	12712.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12717	Sorrell, Paul	12717.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12717	Sorrell, Paul	12717.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12717	Sorrell, Paul	12717.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12717	Sorrell, Paul	12717.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12717	Sorrell, Paul	12717.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12385	Sparks, Issaqueena	12385.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12385	Sparks, Issaqueena	12385.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12385	Sparks, Issaqueena	12385.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12385	Sparks, Issaqueena	12385.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12385	Sparks, Issaqueena	12385.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13079	Speedy, Evangeline	13079.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13079	Speedy, Evangeline	13079.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13079	Speedy, Evangeline	13079.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13079	Speedy, Evangeline	13079.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

13079	Speedy, Evangeline	13079.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12926	Speirs, Gordon	12926.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12926	Speirs, Gordon	12926.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12926	Speirs, Gordon	12926.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12926	Speirs, Gordon	12926.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12926	Speirs, Gordon	12926.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12584	Spence, Andy	12584.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12584	Spence, Andy	12584.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12584	Spence, Andy	12584.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12584	Spence, Andy	12584.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12584	Spence, Andy	12584.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12835	Spence, Gordon	12835.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12835	Spence, Gordon	12835.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12835	Spence, Gordon	12835.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12835	Spence, Gordon	12835.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12835	Spence, Gordon	12835.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12600	Spies-clarke, Zandri	12600.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12600	Spies-clarke, Zandri	12600.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12600	Spies-clarke, Zandri	12600.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12600	Spies-clarke, Zandri	12600.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12600	Spies-clarke, Zandri	12600.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12607	Spill, Jean	12607.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12607	Spill, Jean	12607.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12607	Spill, Jean	12607.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12607	Spill, Jean	12607.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12607	Spill, Jean	12607.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12784	Spiller, Debbie	12784.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12784	Spiller, Debbie	12784.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12784	Spiller, Debbie	12784.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12784	Spiller, Debbie	12784.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12784	Spiller, Debbie	12784.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12466	Spittle, Alison	12466.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12466	Spittle, Alison	12466.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12466	Spittle, Alison	12466.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12466	Spittle, Alison	12466.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12466	Spittle, Alison	12466.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12961	Squires, Keryn	12961.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12961	Squires, Keryn	12961.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12961	Squires, Keryn	12961.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12961	Squires, Keryn	12961.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12961	Squires, Keryn	12961.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12734	Stanley, Emma-jane	12734.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12734	Stanley, Emma-jane	12734.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12734	Stanley, Emma-jane	12734.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12734	Stanley, Emma-jane	12734.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12734	Stanley, Emma-jane	12734.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12486	Stanley-hunt, Edward	12486.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12486	Stanley-hunt, Edward	12486.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12486	Stanley-hunt, Edward	12486.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12486	Stanley-hunt, Edward	12486.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12486	Stanley-hunt, Edward	12486.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12587	Stantiall, Ian	12587.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12587	Stantiall, Ian	12587.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12587	Stantiall, Ian	12587.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12587	Stantiall, Ian	12587.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12587	Stantiall, Ian	12587.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

13072	Starr, M.	13072.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13072	Starr, M.	13072.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13072	Starr, M.	13072.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13072	Starr, M.	13072.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13072	Starr, M.	13072.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12540	Steed, Kathy	12540.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12540	Steed, Kathy	12540.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12540	Steed, Kathy	12540.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12540	Steed, Kathy	12540.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12540	Steed, Kathy	12540.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13005	Steenon, Terri	13005.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13005	Steenon, Terri	13005.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13005	Steenon, Terri	13005.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13005	Steenon, Terri	13005.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

13005	Stenson, Terri	13005.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12395	Steger, Gerd	12395.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12395	Steger, Gerd	12395.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12395	Steger, Gerd	12395.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12395	Steger, Gerd	12395.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12395	Steger, Gerd	12395.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12388	Steiner, A.L.	12388.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12388	Steiner, A.L.	12388.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12388	Steiner, A.L.	12388.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12388	Steiner, A.L.	12388.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12388	Steiner, A.L.	12388.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12755	Sterios, Peter	12755.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12755	Sterios, Peter	12755.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12755	Sterios, Peter	12755.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12755	Sterios, Peter	12755.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12755	Sterios, Peter	12755.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12646	Stewart, Lynne	12646.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12646	Stewart, Lynne	12646.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12646	Stewart, Lynne	12646.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12646	Stewart, Lynne	12646.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12646	Stewart, Lynne	12646.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12391	Stewart, Mark	12391.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12391	Stewart, Mark	12391.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12391	Stewart, Mark	12391.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12391	Stewart, Mark	12391.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12391	Stewart, Mark	12391.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12256	Stirling, Olivir	12256.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12256	Stirling, Olivir	12256.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12256	Stirling, Olivir	12256.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12256	Stirling, Olivir	12256.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12256	Stirling, Olivir	12256.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12763	Stone, Robyn	12763.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12763	Stone, Robyn	12763.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12763	Stone, Robyn	12763.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12763	Stone, Robyn	12763.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12763	Stone, Robyn	12763.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12455	Stopford, Luke	12455.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12455	Stopford, Luke	12455.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12455	Stopford, Luke	12455.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12455	Stopford, Luke	12455.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12455	Stopford, Luke	12455.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12974	Stoppel, Mareile	12974.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12974	Stoppel, Mareile	12974.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12974	Stoppel, Mareile	12974.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12974	Stoppel, Mareile	12974.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12974	Stoppel, Mareile	12974.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12492	Storch, Bine	12492.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12492	Storch, Bine	12492.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12492	Storch, Bine	12492.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12492	Storch, Bine	12492.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12492	Storch, Bine	12492.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12544	Stowers, Max	12544.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12544	Stowers, Max	12544.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12544	Stowers, Max	12544.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12544	Stowers, Max	12544.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12544	Stowers, Max	12544.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12832	Stroud, Andrew	12832.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12832	Stroud, Andrew	12832.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12832	Stroud, Andrew	12832.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12832	Stroud, Andrew	12832.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12832	Stroud, Andrew	12832.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12939	sullivan, leigh	12939.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12939	sullivan, leigh	12939.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12939	sullivan, leigh	12939.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12637	Twigge, Phil	12637.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12637	Twigge, Phil	12637.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12637	Twigge, Phil	12637.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12637	Twigge, Phil	12637.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12218	Tyrrell, Liam	12218.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12218	Tyrrell, Liam	12218.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12218	Tyrrell, Liam	12218.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12218	Tyrrell, Liam	12218.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12218	Tyrrell, Liam	12218.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12778	Uden, Adair	12778.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12778	Uden, Adair	12778.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12778	Uden, Adair	12778.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12778	Uden, Adair	12778.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12778	Uden, Adair	12778.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12016	Unthank, Suzanne	12016.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12016	Unthank, Suzanne	12016.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12016	Unthank, Suzanne	12016.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12016	Unthank, Suzanne	12016.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12016	Unthank, Suzanne	12016.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12340	Urbain, Mireille	12340.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12340	Urbain, Mireille	12340.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12340	Urbain, Mireille	12340.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12340	Urbain, Mireille	12340.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12340	Urbain, Mireille	12340.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12212	Utzinger, Christine	12212.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12212	Utzinger, Christine	12212.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12212	Utzinger, Christine	12212.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12212	Utzinger, Christine	12212.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12212	Utzinger, Christine	12212.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12590	Valentine, Jennifer	12590.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12590	Valentine, Jennifer	12590.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12590	Valentine, Jennifer	12590.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12590	Valentine, Jennifer	12590.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12590	Valentine, Jennifer	12590.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12217	Van Broekhoven, Edwin	12217.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12217	Van Broekhoven, Edwin	12217.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12217	Van Broekhoven, Edwin	12217.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12217	Van Broekhoven, Edwin	12217.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12217	Van Broekhoven, Edwin	12217.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12715	Van der byl, Nick	12715.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12715	Van der byl, Nick	12715.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12715	Van der byl, Nick	12715.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12715	Van der byl, Nick	12715.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12715	Van der byl, Nick	12715.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12714	Van der byl, Sue	12714.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12714	Van der byl, Sue	12714.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12714	Van der byl, Sue	12714.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12714	Van der byl, Sue	12714.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12714	Van der byl, Sue	12714.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12927	Van Der Haas, Mieke	12927.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12927	Van Der Haas, Mieke	12927.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12927	Van Der Haas, Mieke	12927.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12927	Van Der Haas, Mieke	12927.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12927	Van Der Haas, Mieke	12927.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12720	Van der linden, Irma	12720.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12720	Van der linden, Irma	12720.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12720	Van der linden, Irma	12720.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12720	Van der linden, Irma	12720.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12720	Van der linden, Irma	12720.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12722	Van der linden, Kees	12722.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12722	Van der linden, Kees	12722.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12722	Van der linden, Kees	12722.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12722	Van der linden, Kees	12722.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12722	Van der linden, Kees	12722.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12035	Van Der Schueren, Leen	12035.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12035	Van Der Schueren, Leen	12035.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12035	Van Der Schueren, Leen	12035.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12035	Van Der Schueren, Leen	12035.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12035	Van Der Schueren, Leen	12035.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12746	Van Lierop, Floor	12746.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12746	Van Lierop, Floor	12746.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12746	Van Lierop, Floor	12746.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12746	Van Lierop, Floor	12746.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12746	Van Lierop, Floor	12746.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12116	Van Ryn, Audrey	12116.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12116	Van Ryn, Audrey	12116.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12116	Van Ryn, Audrey	12116.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12116	Van Ryn, Audrey	12116.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12116	Van Ryn, Audrey	12116.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12034	Van straten, Willem	12034.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12034	Van straten, Willem	12034.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12034	Van straten, Willem	12034.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12034	Van straten, Willem	12034.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12034	Van straten, Willem	12034.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13011	Van Wordragen, Melita	13011.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13011	Van Wordragen, Melita	13011.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13011	Van Wordragen, Melita	13011.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13011	Van Wordragen, Melita	13011.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13011	Van Wordragen, Melita	13011.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12627	Verryt, John	12627.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12627	Verryt, John	12627.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12627	Verryt, John	12627.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12627	Verryt, John	12627.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12627	Verryt, John	12627.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12792	Vickerman, Roy	12792.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12792	Vickerman, Roy	12792.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12792	Vickerman, Roy	12792.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12792	Vickerman, Roy	12792.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12792	Vickerman, Roy	12792.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12494	Vidinha, Kika	12494.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12494	Vidinha, Kika	12494.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12494	Vidinha, Kika	12494.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12494	Vidinha, Kika	12494.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12494	Vidinha, Kika	12494.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12518	Vig, Rohit	12518.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12518	Vig, Rohit	12518.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12518	Vig, Rohit	12518.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12518	Vig, Rohit	12518.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12518	Vig, Rohit	12518.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12328	Vincent, Jasper	12328.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12328	Vincent, Jasper	12328.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12328	Vincent, Jasper	12328.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12328	Vincent, Jasper	12328.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12328	Vincent, Jasper	12328.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12614	Vincent, Jill	12614.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12614	Vincent, Jill	12614.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12614	Vincent, Jill	12614.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12614	Vincent, Jill	12614.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12614	Vincent, Jill	12614.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12963	Vlasiadis, Andreas	12963.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12963	Vlasiadis, Andreas	12963.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12963	Vlasiadis, Andreas	12963.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12963	Vlasiadis, Andreas	12963.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12963	Vlasiadis, Andreas	12963.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12689	Vogelsang, Vanessa	12689.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12689	Vogelsang, Vanessa	12689.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12689	Vogelsang, Vanessa	12689.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12689	Vogelsang, Vanessa	12689.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12689	Vogelsang, Vanessa	12689.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12828	Vork, Rob	12828.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12828	Vork, Rob	12828.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12828	Vork, Rob	12828.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12828	Vork, Rob	12828.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12828	Vork, Rob	12828.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12629	Vroegop, Johanna	12629.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12629	Vroegop, Johanna	12629.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12629	Vroegop, Johanna	12629.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12629	Vroegop, Johanna	12629.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12629	Vroegop, Johanna	12629.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12413	Wakelin, Allison	12413.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12413	Wakelin, Allison	12413.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12413	Wakelin, Allison	12413.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12413	Wakelin, Allison	12413.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12413	Wakelin, Allison	12413.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12698	Walch, Benjamin	12698.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12698	Walch, Benjamin	12698.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12698	Walch, Benjamin	12698.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12698	Walch, Benjamin	12698.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12698	Walch, Benjamin	12698.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12768	Waldegrave, Jane	12768.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12768	Waldegrave, Jane	12768.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12768	Waldegrave, Jane	12768.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12768	Waldegrave, Jane	12768.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12768	Waldegrave, Jane	12768.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12819	Walker, Joan	12819.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12819	Walker, Joan	12819.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12819	Walker, Joan	12819.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12819	Walker, Joan	12819.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12819	Walker, Joan	12819.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12130	Walkin, Liana	12130.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12130	Walkin, Liana	12130.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12130	Walkin, Liana	12130.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12130	Walkin, Liana	12130.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12130	Walkin, Liana	12130.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

13029	Walls, Heather	13029.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13029	Walls, Heather	13029.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13029	Walls, Heather	13029.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13029	Walls, Heather	13029.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13029	Walls, Heather	13029.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13029	Walls, Heather	13029.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Support 3000 l/s minimum flow on Manuherikia
12864	Walsh, Culain	12864.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12864	Walsh, Culain	12864.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12864	Walsh, Culain	12864.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12864	Walsh, Culain	12864.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12864	Walsh, Culain	12864.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12298	Walters, Carolyn	12298.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12298	Walters, Carolyn	12298.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12298	Walters, Carolyn	12298.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12298	Walters, Carolyn	12298.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of

						Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12298	Walters, Carolyn	12298.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12199	Wane, Christina	12199.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12199	Wane, Christina	12199.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12199	Wane, Christina	12199.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12199	Wane, Christina	12199.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12199	Wane, Christina	12199.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12323	Ward, Sheila	12323.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12323	Ward, Sheila	12323.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12323	Ward, Sheila	12323.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12323	Ward, Sheila	12323.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12323	Ward, Sheila	12323.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12856	Ware, Marlene	12856.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12856	Ware, Marlene	12856.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12856	Ware, Marlene	12856.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12856	Ware, Marlene	12856.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long- term effects of Intensive dairying

						and synthetic nitrogen fertiliser on water, climate and human health.
12856	Ware, Marlene	12856.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12856	Ware, Marlene	12856.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Offer incentives including financial support for dairy farmers to transition to new regenerative farming methods
12870	Washington, Susan	12870.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12870	Washington, Susan	12870.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12870	Washington, Susan	12870.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12870	Washington, Susan	12870.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12870	Washington, Susan	12870.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12122	Watkins, Colleen	12122.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12122	Watkins, Colleen	12122.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12122	Watkins, Colleen	12122.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12122	Watkins, Colleen	12122.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12122	Watkins, Colleen	12122.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12983	Watson, Mark	12983.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12983	Watson, Mark	12983.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12983	Watson, Mark	12983.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12983	Watson, Mark	12983.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12983	Watson, Mark	12983.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12464	Watts, Emaraina	12464.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12464	Watts, Emaraina	12464.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12464	Watts, Emaraina	12464.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12464	Watts, Emaraina	12464.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12464	Watts, Emaraina	12464.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12186	Waugh, Tony	12186.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12186	Waugh, Tony	12186.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12186	Waugh, Tony	12186.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12186	Waugh, Tony	12186.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12186	Waugh, Tony	12186.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12807	Weber, Iris	12807.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12807	Weber, Iris	12807.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12807	Weber, Iris	12807.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12807	Weber, Iris	12807.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12807	Weber, Iris	12807.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13058	Welch, Rawhiti	13058.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13058	Welch, Rawhiti	13058.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13058	Welch, Rawhiti	13058.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13058	Welch, Rawhiti	13058.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13058	Welch, Rawhiti	13058.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12513	Wells, Josephine	12513.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12513	Wells, Josephine	12513.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12513	Wells, Josephine	12513.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12513	Wells, Josephine	12513.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12513	Wells, Josephine	12513.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13069	Westerburg, Christiane	13069.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

13069	Westerburg, Christiane	13069.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13069	Westerburg, Christiane	13069.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13069	Westerburg, Christiane	13069.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13069	Westerburg, Christiane	13069.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12339	Whata, Aroha	12339.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12339	Whata, Aroha	12339.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12339	Whata, Aroha	12339.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12339	Whata, Aroha	12339.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12339	Whata, Aroha	12339.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12811	Whipp, Chris	12811.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12811	Whipp, Chris	12811.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12811	Whipp, Chris	12811.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12811	Whipp, Chris	12811.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12811	Whipp, Chris	12811.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12319	Whitaker, Jane	12319.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12319	Whitaker, Jane	12319.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12319	Whitaker, Jane	12319.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12319	Whitaker, Jane	12319.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12319	Whitaker, Jane	12319.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12208	White, John	12208.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12208	White, John	12208.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12208	White, John	12208.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12208	White, John	12208.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12208	White, John	12208.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12398	White, Marguerite	12398.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12398	White, Marguerite	12398.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12398	White, Marguerite	12398.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12398	White, Marguerite	12398.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12398	White, Marguerite	12398.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12422	White, Mary ann	12422.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12422	White, Mary ann	12422.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12422	White, Mary ann	12422.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12422	White, Mary ann	12422.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12422	White, Mary ann	12422.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12660	Whiteside, Alisha	12660.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12660	Whiteside, Alisha	12660.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12660	Whiteside, Alisha	12660.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12660	Whiteside, Alisha	12660.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12660	Whiteside, Alisha	12660.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12400	Whiteside, Annette	12400.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12400	Whiteside, Annette	12400.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12400	Whiteside, Annette	12400.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12400	Whiteside, Annette	12400.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12400	Whiteside, Annette	12400.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12371	Whittaker, Silke	12371.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12371	Whittaker, Silke	12371.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12371	Whittaker, Silke	12371.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12371	Whittaker, Silke	12371.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12371	Whittaker, Silke	12371.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13017	Wilkie, Alastair	13017.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13017	Wilkie, Alastair	13017.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13017	Wilkie, Alastair	13017.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13017	Wilkie, Alastair	13017.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13017	Wilkie, Alastair	13017.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12286	Wilkins, Kim	12286.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12286	Wilkins, Kim	12286.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12286	Wilkins, Kim	12286.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12286	Wilkins, Kim	12286.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12286	Wilkins, Kim	12286.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12690	Wilkins, Lucy	12690.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12690	Wilkins, Lucy	12690.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12690	Wilkins, Lucy	12690.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12690	Wilkins, Lucy	12690.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12690	Wilkins, Lucy	12690.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12844	Wilkinson, Natalie	12844.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12844	Wilkinson, Natalie	12844.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12844	Wilkinson, Natalie	12844.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12844	Wilkinson, Natalie	12844.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12844	Wilkinson, Natalie	12844.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12542	Williams, Freddie	12542.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12542	Williams, Freddie	12542.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12542	Williams, Freddie	12542.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12542	Williams, Freddie	12542.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12542	Williams, Freddie	12542.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12741	Williams, Wayne	12741.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12741	Williams, Wayne	12741.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12741	Williams, Wayne	12741.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12741	Williams, Wayne	12741.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12741	Williams, Wayne	12741.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13025	Wills, Alana	13025.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13025	Wills, Alana	13025.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13025	Wills, Alana	13025.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13025	Wills, Alana	13025.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13025	Wills, Alana	13025.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

12719	Wilson, Gari	12719.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12719	Wilson, Gari	12719.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12719	Wilson, Gari	12719.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12719	Wilson, Gari	12719.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12719	Wilson, Gari	12719.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12373	Wilson, Ken	12373.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12373	Wilson, Ken	12373.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12373	Wilson, Ken	12373.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12373	Wilson, Ken	12373.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12373	Wilson, Ken	12373.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12713	Wilson, Marion	12713.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12713	Wilson, Marion	12713.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12713	Wilson, Marion	12713.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12713	Wilson, Marion	12713.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.

12713	Wilson, Marion	12713.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12723	Wilson, Mary	12723.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12723	Wilson, Mary	12723.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12723	Wilson, Mary	12723.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12723	Wilson, Mary	12723.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12723	Wilson, Mary	12723.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12472	Wilson, Sheila	12472.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12472	Wilson, Sheila	12472.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12472	Wilson, Sheila	12472.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12472	Wilson, Sheila	12472.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12472	Wilson, Sheila	12472.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12501	Wilson, Tom	12501.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12501	Wilson, Tom	12501.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12501	Wilson, Tom	12501.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12501	Wilson, Tom	12501.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12501	Wilson, Tom	12501.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12595	Wilson, Trina	12595.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12595	Wilson, Trina	12595.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12595	Wilson, Trina	12595.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12595	Wilson, Trina	12595.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12595	Wilson, Trina	12595.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
13066	Wilson, Wayne	13066.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13066	Wilson, Wayne	13066.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13066	Wilson, Wayne	13066.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13066	Wilson, Wayne	13066.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13066	Wilson, Wayne	13066.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12006	Wilton, Sadie	12006.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12006	Wilton, Sadie	12006.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12006	Wilton, Sadie	12006.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12006	Wilton, Sadie	12006.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12006	Wilton, Sadie	12006.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12553	Winter, Kerry	12553.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12553	Winter, Kerry	12553.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12553	Winter, Kerry	12553.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12553	Winter, Kerry	12553.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12553	Winter, Kerry	12553.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12247	Withers, Kit	12247.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12247	Withers, Kit	12247.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12247	Withers, Kit	12247.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12247	Withers, Kit	12247.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12247	Withers, Kit	12247.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12952	Wood, Cherry	12952.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.

12952	Wood, Cherry	12952.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12952	Wood, Cherry	12952.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12952	Wood, Cherry	12952.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12952	Wood, Cherry	12952.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12538	Wood, John	12538.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12538	Wood, John	12538.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12538	Wood, John	12538.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12538	Wood, John	12538.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long- term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12538	Wood, John	12538.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12538	Wood, John	12538.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Oppose 3 Waters reforms
12538	Wood, John	12538.007	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Support changes to more sustainable farming practices including direct assistance to farming communities
13107	Wood, Rachel	13107.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
13107	Wood, Rachel	13107.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
13107	Wood, Rachel	13107.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
13107	Wood, Rachel	13107.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
13107	Wood, Rachel	13107.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.

13107	Wood, Rachel	13107.006	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Users of water source to take water below any discharge points.
12684	Wood, Stephanie	12684.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12684	Wood, Stephanie	12684.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12684	Wood, Stephanie	12684.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12684	Wood, Stephanie	12684.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12684	Wood, Stephanie	12684.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12704	Woodgyer, Jude	12704.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12704	Woodgyer, Jude	12704.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12704	Woodgyer, Jude	12704.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12704	Woodgyer, Jude	12704.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12704	Woodgyer, Jude	12704.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12728	Worsp, Sam	12728.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12728	Worsp, Sam	12728.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12728	Worsp, Sam	12728.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.

12728	Worsp, Sam	12728.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12728	Worsp, Sam	12728.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12793	Wright, Kahu	12793.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12793	Wright, Kahu	12793.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12793	Wright, Kahu	12793.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12793	Wright, Kahu	12793.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12793	Wright, Kahu	12793.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12503	Wright, Sarah	12503.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12503	Wright, Sarah	12503.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12503	Wright, Sarah	12503.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12503	Wright, Sarah	12503.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12503	Wright, Sarah	12503.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12504	Wright, Sarah	12504.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12504	Wright, Sarah	12504.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.

12504	Wright, Sarah	12504.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12504	Wright, Sarah	12504.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12504	Wright, Sarah	12504.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12824	Wynn, Glenys	12824.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12824	Wynn, Glenys	12824.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
12824	Wynn, Glenys	12824.003	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Identify limits based on environmental impacts.
12824	Wynn, Glenys	12824.004	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Apply the precautionary principle to freshwater management through provisions directed at managing long-term effects of Intensive dairying and synthetic nitrogen fertiliser on water, climate and human health.
12824	Wynn, Glenys	12824.005	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Facilitate investment in regenerative organic farming.
12324	Wynne cole, Stephanie	12324.001	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Prioritise te mana o te wai first, so that all other objectives are informed by the priority to care for water and keep it healthy.
12324	Wynne cole, Stephanie	12324.002	LF – Land and freshwater	LF New – Provision	Amend	Include the following provision in the Land and Freshwater Chapter: Address the cumulative effects of pollution, protect te mana o te wai and tackle the climate crisis through requiring the phasing out synthetic nitrogen fertiliser and lowering cow stocking rates.
