

# Mid-term review of the Otago Southland Regional Land Transport Plans 2021-31

## Submissions have been extended to Friday, 19 April 2024.

Otago Regional Council and Environment Southland are seeking input on the mid-term review of the combined Otago Southland Regional Land Transport Plans. Prepared under the Land Transport Management Act 2003, the combined plans set out the common strategic direction to guide transport activities within the regions. They outline the 30-year vision, strategic objectives, and 10-year transport investment priorities.

The road-controlling authorities within both regions have revised their programme of activities for the years 2024-2027 and they are included in the RLTP as their bid for funding from the National Land Transport Fund. The full public notice and a copy of the combined plans can be inspected at:

- **Otago Regional Council's office located on Level 2, 144 Rattray Street, Dunedin**
- **Environment Southland's office on the corner of North Road and Price Street, Waikiwi, Invercargill**
- **Any public library in Southland and Otago**
- **Waka Kotahi New Zealand Transport Agency, AA Centre, 450 Moray Place, Dunedin**

Submissions can be made online, by email or in writing. Find out more about making a submission by visiting either the Otago Regional Council website, [orc.govt.nz](http://orc.govt.nz), or the Environment Southland website, [www.es.govt.nz](http://www.es.govt.nz).
