1. Waitaki Irrigators Collective Limited wishes to be a party to the following proceeding:
 - (a) *Te Rūnanga o Moeraki, Kāti Huirapa Rūnaka ki Puketeraki, Te Rūnanga o Ōtākou and Hokonui Rūnanga and Ors v Otago Regional Council.*
2. WIC made a submission and a further submission about the subject matter of the proceedings (OS213 and FS213).
3. WIC is not trade competitor for the purposes of section 308D of the Resource Management Act 1991.
4. WIC is interested in part of the proceedings.
5. WIC is interested in the following particular issues:
 - (a) Regionally Significant Infrastructure.
 - (b) Integrated Management and Climate Change
 - (c) Energy, Infrastructure and transport.
6. WIC oppose the relief sought because:
 - (a) Established community scale irrigation and stockwater infrastructure is regionally significant in Otago.
 - (b) Removal of established community scale irrigation and stockwater infrastructure from the definition of Regionally Significant Infrastructure will have consequential effects on the operation of the RPS with respect to irrigation infrastructure that have not been assessed in accordance with the Resource Management Act.

7. Amendments proposed to the Definitions, Integrated Management, Land and Freshwater, Land and Soils and Energy and Infrastructure provisions in the appeal will result in the Regional Policy Statement failing to achieve integrated and sustainable management of Otago's natural and physical resources.
8. WIC agrees to participate in mediation or other alternative dispute resolution of the proceedings.
