Hi Rebecca

Just in response to your queries:

- I agree we need to apply for a defence against water in terms of Rule 14.3.2.1.
- In terms of the discharge provisions we can comply with 12.C.1.1 in constructing the temporary working platform (would be clean rock not gravel with fines).
- Consent is required under Rule 12.3.4.1(i) for the temporary diversion of water as permitted activity rule 12.3.2.3(b) cannot be complied with as the diversion is in excess of one month.
- As discussed the vegetation removal required is covered by the general bed disturbance rule 13.5.3.1 which we already require consent under.

We have also provided the coordinates you have requested:

Item	mN	mE
Eastern end of bridge	4,920,143	1,330,288
Western end of bridge	4,920,248	1,330,124
Bridge pier B	4,920,235	1,330,155
Bridge pier C	4,920,217	1,330,190
Bridge pier D	4,920,195	1,330,223
Bridge pier E	4,920,169	1,330,259
Temporary defence against water	4,920,208	1,330,169

I will respond separately with those corrected legal descriptions to both you & Allan.

I trust this is everything you require for now?

Cheers

Shane

Hi Mike,

Thanks for that. We are able to proceed to notifying the consent. I think it will be best to wait to confirm with Shane whether a defence against water is also being applied for.

I will have a chat with CDC and arrange for notification to take place on the same day.

Regards,

Rebecca

Rebecca,

Thanks for your time on the phone just now. Regarding the 14 January further information request for the New Beaumont Bridge resource consent, our intention is to not provide any further information at this stage and request that ORC proceed with public notification of the application as it stands. There will be unresolved aspects on the visual assessment and flooding which we would endeavour to address in parallel with the public notification and hearing processes. If possible, we would be keen to notify by the end of next week to keep the process moving.

We will also confirm the query on the defence against water first thing next week once Shane returns (I expect this will be confirmation that we are seeking consent for this as a discretionary activity).

If you are able to discuss the above with your manager and come back to me that would be appreciated.

Regards,
Mike

Good morning,

Please find attached a letter outlining outstanding matters that were not resolved in the Section 92 response dated 20 December 2020. Please let me know if you wish for a hard copy to be sent out.

Kind regards,

Rebecca
