

# Total Mobility Otago

## How to Use your Total Mobility Card

1. Contact an approved Total Mobility Transport Operator to book a trip.

2. Let them know that you are a Total Mobility Client and if you require a hoist vehicle.

3. Some Operators need to swipe your Total Mobility card at the start of the trip so please always show your driver your card before you start your journey.

4. Enjoy your journey.

5. Swipe the Total Mobility card at the end of the trip (the end of your trip is the first location you are travelling to) and pay your portion to the driver.

6. Keep a receipt of your payment.
