Important notes to the applicant

You must complete this Application Form 24B in full as this is a stand-alone document.

The Resource Management (Measurement and Reporting of Water Takes) Regulations 2010 and Amendment Regulations require that a water permit holder provide records of water use to the Council by no later than the end of the next day unless the Council is satisfied that it is impractical to achieve this due to a limitation in telecommunications.

An exemption from the requirement to provide telemetered water meter data can be made. Applications for exemption from Telemetry must be made on an annual basis between July and December for the following water year.

A fee of \$250 is required at the time of lodgment. It is crucial that you provide as much relevant information as possible with your application and in an understandable way.

If all the necessary information is not supplied with the application, ORC may return it or request further information.

Council can accept electronic lodgment of applications if sent to consents.applications@orc.govt.nz. Include "WEX application" in the subject line.

A.1 Applicant(s) name(s) in full (*include middle names*)

This is the person(s), company name, names of trustees (if the applicant is a trust) or the name of the incorporated society who currently hold the consent.

Part B: Existing water permit information

This part only applies to exemption applications for existing Deemed Permit/Water Permits. If you do not have an existing Deemed Permit/Water Permit, go to Part C.

If you have more than one permit you will need to add additional information on separate paper.

B.1 What is the Deemed Permit/Water Permit Number(s) that this application for exemption relates to?

B.2 What is the water meter number(s) (if known) that this exemption applies to?

Part C: Water measuring device and point of take information

C.1 What type of water measuring device is currently installed? (i.e. mechanical, v-notch)

C.2 What is the name of your meter service provider?

Part C: Water measuring device and point of take information (continued)

C.3 Please describe why you are unable to install telemetry?

Please include supporting documentation from your Service Provider confirming why telemetry cannot be installed. This documentation should be no older than 3 years.

Part D: Declaration

I/we hereby certify that to the best of my/our knowledge and belief, that the information given in this application is true and correct and I/we agree to pay all actual and reasonable processing costs incurred by the ORC.

If this application is approved a minor amendment to the consent document may be required under section 133A of the RMA. To enable the 133A, a time extension would be required (under section 37 of the RMA).

This is a purely administrative change and there will be no costs to the consent holder.

I/we agree to this time extension if required and grant permission for it.
