**TO:** The Registrar  
Environment Court  
Christchurch

1. Beef + Lamb New Zealand Ltd (**B+LNZ**) wishes to be a party to the following proceedings:

*Environmental Defence Society Inc v Otago Regional Council*

2. B+LNZ made a submission about the subject matter of the proceedings.
3. B+LNZ has an interest in the proceedings that is greater than the interest that the general public has because:
  - (a) The proceedings seek relief that will impact on the natural and physical resources of the region.
  - (b) B+LNZ is a representative body that promotes sustainable farming practices and develops and implements programmes aimed at improving farming systems.
  - (c) The Appeal may impact farmers who B+LNZ represent and who rely on natural and physical resources to provide for their health and well-being.
4. B+LNZ is not a trade competitor for the purposes of s 308C or 308A Resource Management Act 1991.
5. B+LNZ is interested in those parts of the appeal that concern provisions of Proposed Otago Regional Policy Statement 2021 (**PORPS**) that guide and address pastoral agricultural land uses and integrated management, including but not limited to:
  - (a) The decision of the Respondent to adopt:
    - i. IM-O4, IM-P10 and IM-P12;
    - ii. LF-LS-P16A; and
    - iii. ECO-P10.

- (b) The effect any relief sought will have on the objective and policy framework that impacts pastoral farming.
6. B+LNZ provisionally opposes the relief sought because:
- (a) B+LNZ is an industry organisation that represents New Zealand's sheep and beef farmers, funded through a levy paid by all beef and sheep meat producers under the Commodity Levies Act 1990.
- (b) Any relief granted should be the most appropriate way to achieve the purpose of the Act, give effect to the New Zealand Coastal Policy Statement, National Policy Statement for Freshwater Management 2020 (**NPSFM**), National Policy Statement for Indigenous Biodiversity (**NPSIB**), other relevant national policy statements and to support and provide for a sustainable and strong rural sector in the Otago Region.
- (c) B+LNZ generally supports the findings of the Hearings Panel, which were adopted by the Respondent.
- (d) The Decisions version of the PORPS supports and provides for planning instruments that will ensure integrated management and a sustainable and strong rural sector in the Otago region that can operate while maintaining and, where degraded, improving water quality.
- (e) The Decisions Version is the most appropriate ways to achieve the purpose of the RMA and/ or the objectives of the pORPS.
7. B+LNZ agrees to participate in mediation or other alternative dispute resolution of the proceedings.
